St. Johns County Declares Local State of Emergency in Preparation for Hurricane Isaias

St. Johns County, FL – In preparation for Hurricane Isaias, the St. Johns County Board of County Commissioners declared a Local State of Emergency on August 1, 2020. The declaration allows the County to access resources and assistance to prepare for an emergency weather event. St. Johns County Administration and Emergency Management staff are carefully monitoring Hurricane Isaias and are working with a variety of local and State agencies to prepare for its impacts. For more information, please call the St. Johns County Emergency Operations Center Hotline at 904.824.5550.
