St. Johns County Libraries Celebrate National Library Week

St. Johns County, FL – The St. Johns County Public Library System invites residents and visitors to join in the celebration of National Library Week from April 9 through 15. Every year, libraries across the nation set aside one week to honor the importance of libraries and how they enrich communities. The theme this year is “Libraries Transform”, acknowledging how the programs and resources offered by libraries can transform individuals and enhance quality of life. St. Johns County Public libraries are offering special programs throughout the week, including a Six Word Story Contest, kids craft classes, and adult bingo events. For more information on events, programs, and highlights during National Library Week, please visit www.sjcpls.org or call your local library branch.
