Section 4. Purpose and Scope.

The purposes of this Ordinance are to establish a procedure to assure that Owners in a Community where the Association exercises Architectural Review Authority pursuant to the Declaration, are provided notice upon submission of a Development Permit.

This Ordinance is intended to avoid unnecessary public and private expense by providing that a Registered Community with Architectural Review Authority is made aware that a Development Permit may be issued within their Community. This Ordinance does not delegate final authority to any Association to deny or delay the issuance of a Development Permit, or to obligate the County to interpret or enforce any provisions of a Declaration. No Association will be deemed to be acting as an agent, committee, or authority of the County by reason of registration under the provisions of this Section. This Ordinance is not a guarantee of notice, nor does any failure to comply with this Ordinance constitute a jurisdictional defect requiring revocation, delay, modification, or denial of a Development Permit.

Section 5. Registration.

Any Association which by a Declaration is vested with Architectural Review Authority for its Community and which otherwise satisfies the requirements of this Ordinance may register its Community with the County.

a. Eligibility Requirements.

The subject Community and its Association must meet the following requirements:

- (1) The Association must be a Florida domestic non profit corporation with active status according to the records of the Florida Department of State.
- (2) The Association must be a "homeowners association" as defined by Chapter 720, Florida Statutes.
- (3) The Declaration for the Community must vest the Association with Architectural Review Authority for the Community.
- (4) The Community must contain not less than 10 individual Parcels.
- (5) The Association must be actively exercising Architectural Review Authority for its

Community including adoption and implementation of procedures to timely receive, review, and respond to applications by Owners for Architectural Approval.

b. Registration Procedures

Registration of an eligible Association and Community must be made according to the following procedures:

- (1) Applications are submitted to the Growth Management Department upon forms promulgated by the Growth Management Department.
- (2) A Registration Fee must accompany an Application for registration. Fees for implementation of this Ordinance are set by resolution of the Board of County Commissioners.
- (3) Applicants must certify that they are in compliance with the eligibility requirements of this Section.
- (4) Applications must include the following information:
 - (A) Registration Fee.
 - (B) Name of the Association.
 - (C) Corporate Document Number assigned by the Florida Department of State.
 - (D) E-mail, name, mailing address, and phone number for the Association's representative responsible for coordination of Architectural Approval.
 - (E) Legal description by written legal description, or property appraiser's parcel number of the Community.
 - (F) Opinion letter issued by an active member of the Florida Bar certifying, based upon review of the Declaration, applicable public records, and corporate documents of the Association that:
 - (i) The Association is a Florida not for profit corporation in good standing.
 - (ii) The Association, or a committee appointed by the Association has and is actively exercising, Architectural Review Authority for the Community.
 - (iii) Turnover for the Community has occurred.
 - (iv) The Association by Declaration is vested with Architectural Review Authority for its Community.
 - (v) The specific scope by type of improvement and activity of Architectural Review Authority.
 - (G) Any other information determined by the County Administrator to be reasonably necessary to ensure eligibility as provided by paragraph 3.a. above.

- (5) Within thirty (30) days after the receipt of the application each registration is reviewed by Growth Management and either (i) accepted, (ii) determined incomplete, or (iii) disapproved. The Growth Management Department will notify the applicant within such 30 day period specifying missing documentation or reason for disapproval. An applicant may supplement an incomplete application within 30 days of notice that the application was incomplete. If not supplemented and determined to be complete, an incomplete application is deemed withdrawn 30 days after notice that the application was incomplete.
- (6) Registrations are valid for 5 years after an application is approved. In order to promote efficiency and flexibility in the administration of this program, the County Administrator may establish a uniform expiration day and month for all registrations and in such event all registrations shall expire on the first uniform expiration date which is at least 5 years following approval of the registration application.
- (7) Any Registered Community may renew its registration for additional terms of 5 years each. Renewal applications are the same as initial registration and must be submitted no sooner than 6 months prior to the expiration of the current registration. If approved, the renewal term will be for 5 years from the expiration date of the current term.

c. Effect of Registration.

Upon acceptance of a registration application the Community is considered a Registered Community so long as there is a valid, unexpired registration. If a registration expires for a Community, that Community will no longer be considered a Registered Community and will no longer receive notice of Development Permits. Registration does not cause the Association to be considered an agent or agency of the County for any purpose, nor does registration cause the Association to be subject to the quasi-judicial procedures of the County or other laws or regulations applicable to the County or its agencies.

d. Changes to submitted information.

Registered Communities may submit changes and update the information on file with the County.

Section 6. Notice and Issuance of Permits in Registered Communities.

Automatic Notice to ARB upon submission of Permit Application:

Notification of the submission for a Development Permit shall be provided to the e-mail address of the Association's Representative upon intake and processing of the application for a Development Permit. Notices will include, but are not limited to, the following information:

- a. The address, Tax Parcel Number, or provided location associated with the Development Permit.

- b. The type of Development Permit.
- c. File Number of the Development Permit.
- d. Contact information of the Owner of the Parcel or the Owner's representative or agent.

Notices will be marked as important or with importance. Notices will also have a statement that the Declarations or architectural design are not enforced by St. Johns County nor is the County able to provide information of a Development Permit's compliance with Declarations. Representatives should contact the applicant for compliance and consistency with the Declarations.

Development Permits will be issued by St. Johns County pursuant to the applicable County codes or ordinances the County may enforce. Nothing in this Ordinance constitutes a waiver by an Association of applicable portions of its Declaration.

Section 7. Communities Registered Prior to this Ordinance.

Registered Communities previously approved pursuant to Ordinance 2010-23, as amended, Section 5.03.02.H of the St. Johns County Land Development Code (Ordinance 99-51), upon payment of the Registration Fee, shall automatically be considered to have registered and have received approval pursuant to this Ordinance. Re-registration of these previously approved Communities shall be at the date normally required for re-registration pursuant to former Section 5.03.02.H of the Land Development Code.

Section 8. Enforcement. Disclaimer.

- A. Errors by St. Johns County staff pertaining to this Ordinance shall not be deemed grounds for a cause of action, petition for writ of certiorari, or any element thereof.
- B. No right to notice or participation in local government matters provided for in this Ordinance shall cancel or replace any concurrent right of a person or entity under another provision of federal, state, or local law.
- C. The County makes every effort to send the notification to the designated representative but are not responsible for e-mails not received.
- D. Non-compliance of a Development Permit with a Declaration is not grounds for delay, revocation, denial, or modification of the Permit or interference with the application review process by St. Johns County.
- E. Nothing in this Ordinance constitutes a waiver of any person or association to appeal or contest the issuance of a Development Permit, or constitutes a waiver of any applicable time frame for appeal.

Section 9. Modification.

It is the intent of the Board of County Commissioners that the provisions of this ordinance may be modified as a result of considerations that may arise during public hearings. Such modifications shall be incorporated into the final version of the ordinance enacted by the Board and filed with the Clerk to the Board.

Section 11. Severability.

It is the intent of the Board and is hereby provided, that if any section, subsection, sentence, clause, phrase, or provision of this Ordinance is held to be invalid or unconstitutional by a court of competent jurisdiction, such invalidity or unconstitutionality shall not be construed as to render invalid, or unconstitutional the remaining provisions, sections, subsections, clauses, phrases or provisions of this Ordinance.

Section 12. Effective Date.

This Ordinance shall be effective upon a certified copy being filed with the Florida Department of State.
