A. BACKGROUND

On October 7, 2016, Hurricane Matthew impacted St. Johns County inflicting property damage from wind, rain, and flooding. This was one of the most significant storms to impact the County in recent history and brought historical rainfall and flooding throughout St. Johns County. Unprecedented rainfall and the resulting 100 year flood event created major public safety threats and wrought considerable damage throughout the County including the destruction of homes, businesses, infrastructure, public facilities, and the impairment of the local and regional economy. In response to these impacts, the President issued a major disaster declaration under the authority of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 *United States Code* (U.S.C.) 5121 et seq. (the “Stafford Act”).

Due to the magnitude of remaining recovery needs, The U.S. Department of Housing and Urban Development (HUD) announced, on January 18, 2017, that the State of Florida was eligible to receive \$58,602,000 in funding through the CDBG Program to support long-term recovery after the 2016 hurricanes. These resources provide a critically important opportunity to continue recovery efforts in St. Johns County. St. Johns County has entered into an agreement with Florida Department of Economic Opportunity (agreement # H2338 (Exhibit B)) to administer these disaster recovery funds.

St. Johns County will use CDBG-DR funds to principally benefit low- and moderate-income persons in a manner that ensures that at least seventy percent (70%) of the grant amount awarded is expended for activities that benefit such individuals. Funds will be used for: rehabilitation, elevation, and reconstruction of residential structures; sustaining transportation and drainage system assets; and addressing/improving infrastructure impacted by inclement weather conditions in the most impacted and distressed areas.

The federally assisted construction Contractor certifies that he will not maintain or provide for his employees segregated facilities at any of his establishments and that he will not permit his employees to perform their services at any location under his control, where segregated facilities are maintained. The federally assisted construction Contractor agrees that a breach of this certification is a violation of the equal opportunity clause in this contract. As used in this certification, the term "segregated facilities" means any waiting room, work areas, rest rooms and washrooms, restaurants and other eating areas, time clocks, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing facilities provided for employees which are segregated by explicit directives or are in fact segregated on the basis of race, color, religion, or national origin because of habit, local custom, or any other reason. The federally assisted construction Contractor agrees that (except where he has obtained identical certifications from proposed sub-Contractors for specific time periods) he will obtain identical certifications from proposed sub-Contractors prior to the award of subcontracts exceeding ten thousand (\$10,000.00) dollars US which are not exempt from the provisions of the equal opportunity clause and that he will retain such certifications in his files.
