## ST. JOHNS COUNTY UTILITY DEPARTMENT

In a continued effort to ease financial strain on families and businesses who have been affected by COVID-19, the St. Johns County Utility Department is encouraging customers impacted by the pandemic to apply for a St. Johns County CARES grant.

A program for eligible applicants who have suffered loss of revenue or income, or incurred unexpected expenses due to the pandemic, St. Johns County CARES grants can be used to pay cell phone bills, internet bills, rent or mortgage, utility bills, utility gas bills, and other associated expenses.

St. Johns County CARES provides up to \$5,000 for residential households and only one application per household will be accepted. Business grant amounts of up to \$20,000 are based on the number of employees per business.
