

ST JOHNS COUNTY DUNE RESTORATION

The dunes at this property were recently constructed as part of the South Ponte Vedra Dune Restoration Project

- Please do not walk, sit on or play on the dunes.
- If there is not a dune walkover on the property, stick to one path to limit harmful impact on the dunes.
- Reduce lighting on the beach during sea turtle season (May 1-October 31):
 - The use of lanterns or flashlights on the beach is prohibited.
 - All beachfront properties are required to reduce their impact by eliminating interior and exterior lights which may disrupt nesting sea turtles.

For more information on beach recreation, beach conditions, beach access, beach rules, search for sjcfl.us/beaches or call St. Johns County **Beach Services** at **904-209-0331**.

For more information on beach restoration projects, search for sjcfl.us/coastalprojects or call St. Johns County **Coastal Projects** at **904-209-0260**.

For more information on permitting a dune boardwalk, seawall or any construction beyond the **FDEP CCCL** (Florida Department of Environmental Protection Coastal Construction Control Line) search for floridadep.gov/CCCL
