

FOR IMMEDIATE RELEASE

**St. Johns County Utility Department Issues
Boil Water Notice for Northeast St. Johns County**

ST. JOHNS COUNTY, Florida, August 22, 2023, 3:30 p.m. – Due to a damaged JEA water main on U.S. 1 in southern Duval County, customers in that area and Northeast St. Johns County are experiencing low-pressure water or water outages. St. Johns County Utility Department (SJCUD) customers along U.S. 1, located north of Stokes Landing, south of County Road 210 West, and along International Golf Parkway east of St. Marks Pond are served by this water main. Consequently, homes in this area are issued a boil water notice effective 3:30 p.m. This includes but is not limited to the Twin Creeks, Beacon Lakes, Walden Chase, Palencia, Las Calinas, Florentine, and Kensington communities.

More details about the boil water notice will be provided to customers later today. Customers with questions are encouraged to call SJCUD Customer Service at 904-209-2700. Customers will also be able to obtain more information via the boil water notice hotline at 904-209-2731.

JEA crews are working expeditiously to access and repair the damaged water main. A boil water notice has been issued for all JEA customers impacted by this outage. More information can be attained by visiting www.JEA.com/bwa.
