## Executive Summary

### AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

#### 1. Introduction

St. Johns County is rich in history and opportunity. Nestled between the St. Johns River and the Atlantic Coast it is a fast-growing community and is home to over 200,000 residents. The growing diversity in population, arts, commerce, industries, and it is becoming a leading County to live, work, and play.

As an entitlement jurisdiction under the United State Department of Housing and Urban Development (HUD), St. Johns County receives federal funds from the Community Development Block Grant (CDBG) based on the in-population size, concentration of poverty, socioeconomic, and demographic data. Every year HUD requires entitlement communities like St. Johns County to develop and submit an Annual Action (AAP). St. Johns County's 2021-2025 Consolidated Plan is carried out through its Annual Action Plan, which provides a concise summary of the actions, activities, and specific federal and non-federal resources that will be used annually to address the priority needs and specific goals identified by the 2021-2025 Consolidated Plan.

The County's 2021-2025 Consolidated Plan as approved by HUD, identified and analyzed community, social, economic needs, especially within low to moderate-income (LMI) communities and established multi-year goals to address those needs. Goals and strategies were based on an assessment of housing and community development needs and an analysis of housing and economic market conditions and available resources.

Like the 2021-2025 Consolidated Planning process, the Annual Action Plan process is collaborative in nature, and through this collaboration with community members, nonprofit organizations, social service agencies, and other key stakeholders establishes comprehensive, strategic, and collaborative goals to improve, address, and encourage growth within the County.

Beyond a requirement to comply with federal regulation, the Annual Action Plan provides an opportunity for the County to engage with residents and key stakeholders to assess the needs of our community and shape community development, housing and economic development programs and strategies to respond to the need.

As an entitlement community, St. Johns County is expected to receive an annual allocation of CDBG funds. While adhering to all applicable federal regulations, the County must utilize this funding opportunity to address community needs with regard to affordable housing, and community and economic development objectives over the next one-year period.

The Annual Action Plan as mandated by the U.S. Department of Housing and Urban Development (HUD), outlines the County's affordable housing and community development needs and identifies strategies for addressing them.

## **2. Summarize the objectives and outcomes identified in the Plan**

This could be a restatement of items, or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis, or the strategic plan.

St. Johns County deployed a comprehensive community engagement campaign along with data provided by American Community Survey (ACS), Comprehensive Housing Affordability Strategy (CHAS) Data, and Community Planning and Development Mapping Services to create the footprint for this Annual Action Plan. Federal regulations require that Community Development Block Grant funds primarily low- and moderate-income persons in accordance with the following HUD objectives:

1. Provide decent housing;
2. Establish and maintain a suitable living environment; and
3. Provide expanded economic opportunities.

These objectives are combined with three performance outcomes categories and measurement statements:

1. Accessibility;
2. Affordability, and
3. Sustainability.

St. Johns County has identified various activities they intend to utilize to achieve the objectives and associated outcomes required by HUD. The County intends to focus investments on the following eligible areas:

1. Public Facilities and Infrastructure
2. Public Services
3. Affordable Housing and Homeless Services
4. Home Repair
5. Economic Development

St. Johns County will be implementing and complying with new requirements on constructions over \$250,000.00 funds. This regulation entitles recipients of an award of Federal financial assistance from a program for infrastructure are hereby notified that none of the funds provided under this award may be used for a project for infrastructure unless: (1) all iron and steel used in the project are produced in the United States--this means all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States; (2) all manufactured products used in the project are produced in the United States—this means the manufactured product was manufactured in the United States; and the cost of the components of the manufactured product that are mined, produced, or manufactured in the United States is greater than 55 percent of the total cost of all components of

the manufactured product, unless another standard for determining the minimum amount of domestic content of the manufactured product has been established under applicable law or regulation; and (3) all construction materials are manufactured in the United States—this means that all manufacturing processes for the construction material occurred in the United States

### **3. Evaluation of past performance**

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

St. Johns County first became an entitlement community for the 2016-2020 Consolidated Plan cycle. Staff worked remarkably hard to build out the CDBG Program by developing policies and procedures, cultivating relationships with nonprofit organizations and social service agencies and other community partners, expending the funding on eligible activities which were reported on in the CAPERS, envisioning the possibilities of future investments and responding to natural disasters and a global pandemic.

### **4. Summary of Citizen Participation Process and consultation process**

Summary from citizen participation section of the plan.

St. Johns County has developed a Citizen Participation Plan (CPP) to guide the public process of developing the Annual Action Plan. Citizen participation was encouraged and solicited in the planning process through advertisements in the local newspaper and on the County website followed by a 30-day review and comment period. The CPP required no less than two public hearings to gather citizen input on housing and community development programs funded by the CDBG program. The County sought public participation and input as outlined in the CPP and as follows:

- Held public hearings in association with the Board of County Commissioners regularly scheduled meetings.
- Held four (4) public hearings during the planning process. The schedule of these meetings was published in the local newspaper and posted on the County website.
- An electronic survey was created to gather citizen and stakeholder input to help determine what programs/projects should be funded. The survey was published on the County website and notice of the survey was published in the local newspaper. Paper copies of the survey were made available at various County locations and during community meetings.
- Staff met with stakeholders and community members and attended local meetings to educate citizens on the planning process and to encourage citizen participation and input.
- A draft copy of the Annual Action Plan was made available to the public for a 30-day review and comment period. It was introduced during an advertised public hearing.

### **5. Summary of public comments**

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

Public comments were received at the public hearings and many of our residents and key stakeholders participated in our survey (all responses can be referenced in the attached document). Most of the public comments received indicated that there is a substantial need for affordable housing, public infrastructure and public services in the underserved. The surveys are attached for review, with key areas being supported for homelessness, provide funding for small businesses, home repairs for people with special needs, including the elderly, people with disabilities, and veterans, improved public safety, cost of living, support for disabled veterans, roadways and sidewalks in poor repair, upgrades to parks and recreational facilities, and public transportation.

#### **6. Summary of comments or views not accepted and the reasons for not accepting them**

All public comments were accepted and considered consistent with the 5-year Consolidated Plan and activities that address social services, housing, and community-based infrastructures. The survey was made available to all residents, internal and external social agencies, planning, transportation, parts and recreations, and other stakeholders.

#### **7. Summary**

St. Johns County values and encourages the input and participation of its citizens, stakeholders, and community members affected by, or involved with any housing and community development projects. By utilizing the citizen participation process and by consulting with public service providers, advisory committees, other County departments, and community development corporations, the County was able to gather valuable feedback that helped identify the goals and objectives in the Plan. The County will leverage its CDBG funds with other federal, state, local, and private dollars to meet the goals and objectives discussed in the Annual Action Plan.

**PR-05 Lead & Responsible Agencies – 91.200(b)**

## **AP-10 Consultation – 91.100, 91.200(b), 91.215(I)**

### **1. Introduction**

St. Johns County is committed to taking resident input into consideration for the development of the PY2023 Annual Action Plan for the U.S. Department of Housing and Urban Development. Residents, especially low-income or potentially marginalized residents in LMI areas, are strongly encouraged to participate in the Survey and public hearings. County staff, officials, and consultants met with many different groups, committees, departments, and organizations to encourage public participation to identify housing and community development needs.

The meeting details were published on our website and local media outlets for at least fifteen (15) days prior and the survey was published on our website via Survey Monkey and made available in paper form for over thirty (30) days. Meeting details and surveys were also published on social media such as Facebook, Instagram and Twitter. There were also 4 in-person public meetings which provided hard copies of the survey.

Public comment is also encouraged when the document is in the draft stage. All public input is considered and made a part of the Plan. All comments received verbally or in writing will be accepted.

### **Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))**

The County coordinates with many different organizations and service providers, including, but not limited to:

Email communications, interagency meetings (Zoom and in-person), conference calls and consultations with St. Johns County Social Services, Flagler Hospital office of Care Connect in St. Johns County, Salvation Army, Home Again (Non-profit agency serving the homeless in St. Johns County) and others. Staff also attended annual Fair Housing Trainings.

### **Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.**

At present the Lead Agency is Flagler Health. In our shared goal of ending homelessness within our community, County staff and elected officials have regular contact with the Continuum of Care (CoC) to ensure coordination of meaningful goals. Staff attend the CoC meetings, and one (1) staff member sits on the CoC Board.

One way we can coordinate efforts and share data is through the use of the Homeless Management Information System (HMIS), which provides a higher standard of collecting client-level data. for the critical populations that are being served daily. The populations being affected cross race, color, nationality, sex, religion, and disability of individuals and families who are experiencing homelessness or at risk of becoming homeless.

**Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS**

Substantial consultation with the St. Johns County area homeless service providers and clients is essential for collecting data and creating meaningful outcomes for individuals and families. To fully address the needs of the homeless members of our community, County staff have regular contact with the CoC. This involves ESG allocations performance standards, evaluation of outcomes, as well as the development of funding, policies, and procedures for the administration of HMIS. This ongoing communication and collaboration centered on strategic goals as part of the Annual Action Plan development process and will continue even upon the completion, submission, and approval of the PY2023 Annual Action Plan.

The County does not receive a direct allocation of ESG from HUD, but rather apply for funding from the State. ESG is designed to support the first steps in homeless prevention and assisting people experiencing homelessness to transition toward safe and healthy living situations. ESG funds can be used by emergency shelter operators and other service providers for activities such as street outreach, homelessness prevention, rapid re-housing, and data collection.

The County believes housing is a human right and we envision a community where all people have access to safe, stable, and affordable housing.

**2. Describe Agencies, groups, organizations, and others who participated in the process and describe the jurisdiction's consultations with housing, social service agencies, and other entities**

**Table 2 – Agencies, groups, organizations who participated**

	<b>Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?</b>	Ongoing two-way communication with the BOCC via public meetings, public comment, and strategic meetings to align the goals and objectives for the County. It is anticipated that the program will remain focused on those objectives that are further complimented by the adopted 5-year Consolidated Plan.

**Identify any Agency Types not consulted and provide the rationale for not consulting**

St. Johns County has been wholly inclusive of all agency feedback. No agencies or types of agencies were excluded from participating or providing input in the process of preparing the PY2022 Annual Action Plan.

**Other local/regional/state/federal planning efforts considered when preparing the Plan**

<b>Name of Plan</b>	<b>Lead Organization</b>	<b>How do the goals of your Strategic Plan overlap with the goals of each plan?</b>

LHAP - Local Housing Assistance	St. Johns County Housing and Community Development	Both recognize the severe shortage of affordable housing

**Table 3 – Other local / regional / federal planning efforts**

**Narrative (optional)**

Citizen engagement and participation is a key factor in determining how the funding should be allocated within our community. St. Johns County is committed to considering all input is received in a collaborative and cooperative manner for a fully comprehensive approach. The County seeks citizen engagement via community meetings, surveys, consultations, focus groups, and Public Notices according to our Citizen Participation Plan.

DRAFT

## **AP-12 Participation – 91.105, 91.200(c)**

### **1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting**

In accordance with the Citizen Participation Plan, St. Johns County actively engaged residents, community members, and key stakeholders to assist with the identification of community needs and influence goal setting. A summary of the activities for the development of the County's PY2022 Annual Action Plan includes:

- **Five (5) Public hearings were held in March 2023.** The hearings were publicized on the County's website and in the local newspaper. As per HUD Citizen Participation requirements, the County accepted comments up to 30 days after the date of the formal Public Hearing.
- **Surveys were solicited.** Citizens were invited to participate in a Survey to gain insight into priorities and Fair Housing issues. The Surveys were made available electronically and in paper form for 30 days.
- **2nd Public Hearing was held in June 20, 2023.** The hearing was publicized through the resources mentioned above. The County will accept comments for up to 30 days.

Drafts of the PY2023 Annual Action Plan were posted on the County's website for its 30-day comment period and hard copies were made available at County offices. Citizens, public agencies, or other interested parties wishing to comment were encouraged to submit comments verbally or in writing. Input from the community, including comments received from individual citizens as well as agencies, is highly valuable and contributed to the establishment of housing and community development goals.

## Expected Resources

### AP-15 Expected Resources – 91.220(c) (1,2)

#### Introduction

St. Johns County anticipates receiving \$1,121,735.00 in Community Development Block Grant funds from the U.S. Department of Housing and Urban Development for the second program year (October 1, 2023 – September 30, 2024) of the five-year consolidated plan cycle; these funds will be used to address priority needs, goals, and objectives. The County realizes that these funds alone are not sufficient to fulfill the jurisdiction's housing and community development needs. To help address the gap, the County will be leveraging HUD funding to the maximum extent possible with other state, local, and private alternative funding sources which may include a HUD CDBG Section 108 Guaranteed Loan Application. The County currently provides general revenue to operate the Housing and Community Development division of Health and Human Services and has established a Housing Trust fund, which has the ability to be utilized to develop much warranted affordable and workforce housing. The County also funds homeless prevention and rapid re-housing activities through its Social Services Division. The Social Services Division receives and matches Emergency Solutions Grant (ESG), Temporary Assistance for Needy Families (TANF), and Challenge grant funds to

aid in the prevention of homelessness.

#### Anticipated Resources

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 1				Expected Amount Available Remainder of ConPlan \$	Narrative Description
			Annual Allocation: \$	Program Income: \$	Prior Year Resources: \$	Total: \$		
CDBG	public - federal	Acquisition Admin and Planning Economic Development Housing Public Improvements Public Services	1,121,735	0	0	1,121,735	\$2,243,470	This is the allocation for PY 2023.
Other	public - state	Admin and Planning Housing	3,398,088	0	0	3,398,088	0	St. Johns will receive \$3,398,088 for the 2023/2024 fiscal year, funds will complement the CDBG accomplishing the estimated goal.

**Table 5 - Expected Resources – Priority Table**

**Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied**

St. Johns County will receive \$3,398,088 in FY2023-2024 from the Florida Housing Finance Corporation for the State Housing Initiatives Partnership (SHIP Program). There are no matching requirements for SHIP funding, however, leverage of funds is encouraged. The SHIP program provides funds to local governments as an incentive to create partnerships that produce and preserve affordable homeownership and multi-family housing. The program was designed to serve very low-, low-, and moderate-income families. SHIP dollars may be used to fund emergency repairs, new construction, rehabilitation, down payment and closing cost assistance, impact fees, construction financing, acquisition of property for affordable housing, matching dollars for federal housing grants and programs, and homeownership counseling.

To address the funding gap, the County applies for competitive federal, state, and foundation grants when the application criteria align with our goals and staffing capacity. These funds can be used to expand existing programs, develop new programs to address unmet needs in the community, or as leverage for other funding sources. Given that these additional funding sources are competitive, the amount and uses are unknown at this time.

**If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan**

Florida Statutes at Title XI, Section 125.35 (County Authorized to Sell Real and Personal Property and to Lease Real Property), 125.38 (Sale of County Property to United States or State), 125.37 (Exchange of County Property), 125.379 (Disposition of County Property for Affordable Housing) and St Johns County Ordinance 2011-17 provide guidelines as to the distribution of land owned by the County. The disposition of any County-owned land for the purpose of addressing the needs identified in this Consolidated Plan is subject to Florida State Statute and County Ordinance.

The County maintains an inventory of County-owned lots and properties. Land may be sold or donated to entities (non-profits and municipalities) for public and community interest purposes upon receipt of a request to the Board of County Commissioners (BCC) for the conveyance or lease of the property. Pending BCC's satisfaction with the proposed use of the property, and provided that the land is not needed for county purposes, it can be conveyed or leased to the applying entity for a price named by the BCC, regardless of the actual value of the property. St. Johns County will consider and encourage proposals that will redevelop publicly owned property to meet the needs of the community. The County maintains an inventory of County-owned lots and properties. Upon receipt of a request to the Board of County Commissioners (BCC) for the conveyance or lease of property, these lots and properties may be sold or donated to entities (non-profits and municipalities) for public and community interest purposes. St. Johns County Ordinance 2011-17 provides guidelines as to the distribution of land owned by the County. The disposition of any County-owned land for the purpose of addressing the needs identified in this Consolidated Plan is subject to Florida State Statute and County Ordinance.

**Discussion**

Creativity, local funding, collaborative partnerships and possibly Section 108 funding are all necessary if we are to achieve larger impact projects.

## Projects

### AP-35 Projects – 91.220(d)

#### Introduction

The PY2023 Annual Action Plan identifies a total of four (4) projects to be funded by the CDBG program. These projects include public services, and infrastructure, as well as allowable administrative costs. The projects identified will be completed no later than September 30, 2024, the end of the jurisdiction's second program year of the 2021-2025 Consolidated Plan.

The priorities and allocations were established based on citizen and stakeholder participation in the Survey and the most recent Census data. St. Johns County will continue to support area non-profit agencies and participate with the Continuum of Care homeless providers to meet the needs of underserved residents within our community. Access to sufficient funding to meet the needs of our communities underserved remains a primary obstacle. Incoming funding from Federal, State, and local sources is not sufficient to meet all the needs identified by our residents and the data trends.

Pending approval by the County Commission, Staff has requested to fund a public service program for low-to-moderate-income residents through the Kids Safe Zone Afterschool and Mentoring Program in the amount of \$109,946; public infrastructure and public facilities to enhance the livability of low- to-moderate income neighborhoods connecting water and sewer for 4 contiguous lots in preparation to build houses on each lot for low-income households by Vermont Heights on the amount of \$165,807. and Planning and Administration expenses in the amount of \$224,247.

**Table 8 - Geographic Distribution**

### **Rationale for the priorities for allocating investments geographically**

The County has established priorities and allocations based on citizen and stakeholder input as well as Census data trends. The County intends to invest the funds in communities identified as areas of greatest need with the potential for positive changes in the lives of our residents. To comply with CDBG program requirements, at least 70% of funds benefit low- and moderate-income households. The majority of funding will be used for infrastructure and public facilities that support the expansion of public safety and the creation/preservation of existing housing units in LMI areas to address housing affordability for our most vulnerable households and social services/public services to meet non-housing needs.

### **Discussion**

St. Johns County has the benefit of serving urban, suburban, and rural areas within the county lines. Each of these different community types means our residents have a variety of choices in places to live, work, and play, but it also presents challenges when trying to address the diverse needs of our residents when there are varying non-financial resources in each of the areas. The citizen and stakeholder input were used to support the prioritization of not only the different ends, but also the different geographical areas.

## Affordable Housing

### AP-55 Affordable Housing – 91.220(g)

#### Introduction

The St. Johns County 2021-2025 Consolidated Plan identified the need for affordable housing for our very low to moderate-income residents. The Plan also identified the need to repair the existing aging housing stock ensuring our residents have access to decent, safe, affordable housing options. The PY2022 Annual Action Plan provided funding for the rehabilitation of existing housing for residents at or below 50% AMI including, but not limited to residents who are elderly, disabled, and veterans. This PY2023 Annual Action Plan provides funding for the rehabilitation of existing housing for veteran resident at or below 50% AMI.

Total	108

**Table 10 - One Year Goals for Affordable Housing by Support Type**

#### Discussion

St. Johns County is committed to increasing the affordable housing available to our residents. In addition to the CDBG investment, the County will leverage resources from other sources to assist with the affordable housing goals, including indirect assistance from the General Fund to assist with affordable housing and rehabilitation of existing housing stock. The County also receives State Housing Initiative Program (SHIP) dollars, which may be used to fund emergency repairs, new construction, rehabilitation, down payment and closing cost assistance, impact fees, construction financing, acquisition of property for affordable housing, matching dollars for federal housing grants and programs, and homeownership counseling. However, it should be noted, even with these additional sources, the County is not able to meet all its affordable housing needs.

## **AP-60 Public Housing – 91.220(h)**

### **Introduction**

St. Johns County does not have a public housing authority or public housing. Residents wishing to apply for public housing must apply for a voucher through Jacksonville Housing Authority (JHA) in neighboring Duval County to the north. There has been no indication that the County will pursue acquiring public housing in the near future.

### **Actions planned during the next year to address the needs to public housing**

St. Johns County does not have public housing, so this is not applicable to the jurisdiction.

### **Actions to encourage public housing residents to become more involved in management and participate in homeownership**

St. Johns County does not have public housing, so this is not applicable to the jurisdiction.

### **If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance**

St. Johns County does not have public housing, so this is not applicable to the jurisdiction.

### **Discussion**

St. Johns County does not have public housing, so this is not applicable to the jurisdiction. *AP-65 Homeless and Other Special Needs Activities – 91.220(i)*

### **Introduction**

St. Johns County is dedicated to improving the housing opportunities for all its residents, especially, the homeless population, special needs population, and people at risk of becoming homeless. The County, along with area non-profit agencies and organizations, will continue to provide services and funds to aid in the prevention of homelessness, provide funds for rapid re-housing programs to house the homeless, and provide funds for the rehabilitation of homes of low income and special needs persons.

### **Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including**

#### **Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs**

St. Johns County is a growing community with homeless needs, unfortunately, our population has not reached the level for a direct allocation of Emergency Shelter Grant (ESG) funds or HOME Investment Partnership funds. We will seek to receive ESG and other funding from the State of Florida and other

sources, but our efforts are presently limited to the activities we can undertake solely with our Community Development Block Grant (CDBG) funding. The County's goals for the PY20223 Annual Action Plan continue to include a focus on affordable housing and supportive services to help vulnerable residents remain housed.

Through collaboration with the Continuum of Care, along with other organizations, St. Johns County will utilize many avenues to provide outreach and education to the homeless population, including those who are unsheltered. St Johns County CoC has identified "Street Outreach" as an important role in our county's plight to end homelessness. Currently, the street outreach program is operated by St. Francis House and has been very successful since its implementation in 2016. The outreach efforts include initially assessing the homeless individual/family's needs to provide the appropriate housing and supportive services referrals.

In addition, the Street Outreach program will assist in the identification of unsheltered individuals and the areas in which they live. The objective of Street Outreach is to reduce the number of unsheltered homeless persons on the street by providing engagement and essential services, ensuring everyone has a path to permanent housing. The program can assess each individual by identifying their most critical needs and helping them to navigate to those resources in an expeditious manner. The outreach program will assist these individuals in accessing much needed support services in the areas of medical care, employment, assistance in applying for State, Federal and local programs to help meet their needs and will assist with the rapid re-housing of these individuals.

Eligible clients will be served using a program model that brings services to the client. This includes providing services in homeless encampments, parks, streets, libraries, and/or other frequented areas identified by street outreach workers. After an initial intake is completed, advocates will provide basic care services, including food, clothing, shelter, or connections to medical care if necessary. After attending to immediate basic needs, advocates will complete a service or goal plan with client input and participation.

#### **Addressing the emergency shelter and transitional housing needs of homeless persons**

The County will continue to provide funding, based on availability, for the operation and maintenance of the emergency shelter, transitional housing facilities and program services provided by these facilities. These facilities provide shelter and supportive services to homeless veterans, homeless families with children, single men and women, including those recently released from incarceration, chronic homeless and victims of domestic violence. St. Johns County CoC will continue to address the needs of emergency shelter and transitional housing in our community by continuing to increase the resources available for emergency case management, increase referrals and placements in permanent housing.

Although transitional housing is no longer a priority in our community, we continue to have programs that assist in the transitional housing for those victims of domestic violence, the elderly, and families

with children who are homeless. EPIC has added transitional housing for substance abuse.

The County will continue to work with the CoC toward a goal of functional zero whereby every person wanting to exit homelessness will be offered appropriate housing within 30 days. By utilizing our Housing Crisis Center and other Crisis Housing resources for emergency shelter and service linkage, homeless persons will receive the support and services best matched to their circumstances. Transitional Housing will serve, in the interim, for those needing housing while permanent and affordable options are created and/or found.

**Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again**

St. Johns County will assist homeless persons and families to transition into permanent supportive/independent housing by providing financial assistance and case management. The St. Johns County Continuum of Care (CoC) has issued a Request for Proposals (RFP) for the following funding opportunities through the Florida Department of Children and Families (DCF): 1. Emergency Solutions Grant (ESG) and 2. Emergency Solutions Grant – COVID3 (ESG-CV3). ESG Funds: Florida Department of Children and Families (DCF) renewed the FY19-22 unified contract with Flagler Hospital through 06/30/2025 (an additional three years). For fiscal years 2023-2025, the CoC Board has decided to renew Challenge and TANF awards and have a local competition for ESG. ESG-CV3 Funds: DCF has made available funds for FY2023-24. The amounts for each eligible activity and each corresponding deliverable were decided by DCF. This funding provides rapid re-housing and prevention support to area agencies and organizations. Programs will provide financial assistance to homeless individuals/families to regain stability in permanent housing. The financial assistance may be used for rent and utility assistance as well as assistance with rent and utility deposits.

In addition, the County will continue to provide prevention funding for emergency assistance for rent and utilities through its Social Services Division if funding remains available.

**Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.**

When available, St. Johns County will utilize local, state, and federal funding to support prevention activities designed to help our low-income individuals and families that find themselves at risk of

homelessness and needing a hand up.

The County will partner with area agencies to refer homeless individuals and families who find themselves stranded, to relocation assistance through the St. Augustine Police Department. This will allow these homeless individuals and families to return home to out-of-area relatives.

The County and other community stakeholders work closely with the St. Johns County CoC in retooling our homeless response system by transforming homeless services to crisis response systems that prevent homelessness, whereby creating a system that will quickly identify and prevent homelessness, quickly return those experiencing homelessness to stable housing by utilizing county-wide Coordinated Intake, Assessment and Prioritization, and create a By Name listing of all homeless individuals within the St. Johns County Continuum of Care. St. Johns County CoC will assess the needs for additional shelter capacity on an ongoing basis.

## **Discussion**

As previously mentioned, St. Johns County does not receive a direct entitlement allocation of Emergency Shelter Grants (ESG). The County will continue to apply for funds from the State of Florida and support the Continuum of Care to the greatest extent possible.

The St. Johns County CoC is guided by the following vision and mission:

Vision: Believing housing is a human right, we envision a community where all people have access to safe, stable, and affordable housing.

Mission: The Continuum of Care leads the effort to prevent and end homelessness, bringing together resources and partnerships to make homelessness rare, brief and one time.

Through the Continuum of Care strategic planning sessions, community stakeholders established four priorities and four strategies to address homelessness in St. Johns County. The Continuum of Care is working on the following priorities: ensuring that homelessness is rare, homelessness is brief, homelessness is one time and sustaining an end to homelessness.

The strategies and goals of the St Johns County CoC 2022-24 Strategic Plan provides a foundation for collective action. The first goal is to increase attainable housing opportunities. The first strategy is to expand the provider pool within the CoC for special housing opportunities through providers of mental health, substance use, and medical services that include those experiencing homelessness. The second strategy is to plan and deliver a landlord workshop to be replicated, as needed, with support from the Membership, Recruitment, and Public Education Committee. The third strategy is to increase the number of Permanent Supportive Housing units. The fourth strategy is to diversify revenue and increase funding streams with support from the HMIS/Data Committee and the Finance Committee. The second goal is to strengthen the Crisis Response System. The first strategy is to increase outreach, buy-in, and

support for the CoC from mental health and substance abuse providers, and healthcare providers. The second strategy is to conduct a complex GAPS analysis. The third strategy is to implement expended case management (via service delivery models ACT (also known as FACT) and “Care Coordination” for clients who are assisted with a short-term, no-resource, or self-resolved outcome. The third goal is to increase advocacy and education at the Local, State, and Federal Levels. Finally, Goal #4 is that the CoC’s culture is diverse, inclusive, and equitable. *P-75 Barriers to affordable housing – 91.220(j)*

#### **Introduction:**

St. Johns County realizes that current housing market conditions present many barriers to affordable housing. The County continues to implement policies and strategies to maintain and provide affordable housing inventory for residents.

#### **Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment**

The St. Johns County Comprehensive Plan 2010-2025 Housing Element, states that its purpose is to support the provision and maintenance of an adequate inventory of decent, safe and sanitary housing in a variety of types, sizes and locations throughout the County at affordable costs to meet the needs of the current and future residents of St Johns County. The Plan provides several objectives as listed below:

- Continuing the housing implementation policies such as density bonuses, infill housing and an expedited development review process for affordable workforce housing developments
- Maintaining existing programs, investigating new programs, and identifying funding sources that will work toward the elimination of substandard housing, improve aesthetic qualities of existing houses, and encourage improvements that reduce energy and water consumption
- Through its Future Land Use Map and its review of the County Land Development Code shall ensure that County zoning districts include areas for the location of housing for very low-, low- and moderate-income households, single family households, single family homes, mobile homes, manufactured homes, group homes and foster care facilities adequate to meet the needs for these housing types during the planning period
- Continue to implement its existing Land Development Code regulations which further the identification and protection of historically significant structures and districts.
- Review all existing codes and ordinances and adopt appropriate regulations which address conservation, rehabilitation, or demolition of housing.
- Provide uniform and equitable treatment for persons and businesses displaced by state and local government programs consistent with Section 421.55 F.S.
- Improve and maintain the quality and integrity of its residential communities. Strategies to achieve this include: encouraging the development of residential neighborhoods which are

sustainable, which provide for networks of interconnected streets for both pedestrian and vehicular use, which address aesthetics, architecture, and urban design, and which discourage sprawl; coordinating with local law enforcement agencies to promote programs designed to improve the safety and security of neighborhoods; and encouraging the utilization of environmental design strategies to reduce the potential of crime in neighborhoods.

**Discussion:**

The County staff and Board of County Commissioners realize that public policies can affect the supply and new construction of affordable housing in our community through the impacts on the cost and geographic location of these types of units. The County is dedicated to ensuring that consideration is given to affordable housing developments in areas with proximity to community resources such as transportation, employment opportunities, and public services that help ensure housing stability for our LMI residents. The County will continue its regular review of existing policies and adjust when needed and appropriate so that they are not an impediment to affordable housing provision. The County acknowledges new policies may be needed in the future as the affordable housing market changes over time.

## **AP-85 Other Actions – 91.220(k)**

### **Introduction:**

St. Johns County strives to address the needs of low- and moderate-income residents, homeless individuals and families, and underserved populations. Most of the strategies and actions taken by the County are done in collaboration with non-profit agencies, municipalities, other organizations, and advisory boards/committees. The following sections outline the how the County will address underserved needs, affordable housing, reduce lead-based paint hazards, reduce the number of poverty level families in the County, and develop an institutional structure to ensure the success of activities aimed at low- and moderate-income persons. It should be noted, however, that this Annual Action Plan is for Year 3 of a 5-year Consolidated Plan and not all will be fully addressed within the first year.

### **Actions planned to address obstacles to meeting underserved needs**

St. Johns County has oriented our programs toward maintaining affordable housing and meeting the underserved needs of our most vulnerable residents. The largest obstacle is the lack of sufficient resources to fully meet the needs of our community. The County will take the following actions to address those obstacles:

- Promote cooperation between agencies by participating in different coordinating bodies in the county, such as but not limited to the Continuum of Care, the Affordable Housing Advisory Committee, Health and Human Services Advisory Council, and the Housing Finance Authority
- Provide assistance with the rehabilitation of existing homes, especially for extremely low-income households, elderly, disabled and veterans
- Search and apply for new funding from Federal and/or State sources
- Possibly address infrastructure deficiencies in low to moderate income areas through CDBG funding

### **Actions planned to foster and maintain affordable housing**

The St. Johns County Affordable Housing Advisory Committee (AHAC) has the responsibility of reviewing and assessing established policies and procedures, ordinances, and land development regulations, as well as the local government comprehensive plan and recommending specific actions or initiatives to encourage and facilitate affordable housing. The AHAC prepares an annual report and its purpose is to include incentives that would encourage affordable housing for both rental and homeownership. The AHAC is currently working on the annual report for 2023. The most recent report contained 12 incentives, many of which are expected to remain in the 2023 report to promote and encourage affordable housing in St. Johns County.

- The processing of approvals of development orders on permits, as defined in s. 163.3164 (7) and (8) for all affordable housing projects are expedited to a greater degree than other projects
- The modification of impact-fee requirements, including reduction or waiver of fees and

alternative methods of fee payment for affordable housing.

- The allowance of flexibility in densities for affordable housing.
- The reservation of infrastructure capacity for housing for very low-income persons, low-income persons, and moderate-income persons.
- The allowance of affordable accessory residential units in residential zoning districts.
- The reduction of parking and setback requirements for affordable housing.
- The allowance of flexible lot configurations, including zero-lot-line configurations for affordable housing.
- The modification of street requirements for affordable housing
- The establishment of a process by which a local government considers, before adoption, policies, procedures, ordinances, regulations, or plan provisions that increase the cost of housing.
- The preparation of a printed inventory of locally owned public lands suitable for affordable housing.
- Support of development near transportation hubs and major employment centers and mixed-use development.

#### **Actions planned to reduce lead-based paint hazards**

St. Johns County will continue to take steps to ensure the affordable housing stock for our residents is safe from lead hazards. Program partners distribute “Protecting Your Family from Lead” pamphlets and other actions to address lead-based paint hazards and to increase access to housing without lead-based paint hazards are supported by the Florida Department of Health (DOH) through integrated partnerships and programs administered by local county health departments. Public health programs administered by the DOH-St. Johns County Health Department includes, but is not limited to, the following:

(1) Surveillance and Epidemiology: Tracking and follow-up of reportable conditions such as lead exposure, as well as case management including risk screenings and home assessments, as needed.

(2) Environmental Public Health: Inspection of limited-use drinking water systems and timely water quality monitoring related to lead and other contaminants; environmental health education.

(3) Public Health Practice and Policy: One of our many community partnerships, the St. Johns County Health Leadership Council convenes the triennial Community Health Assessment (CHA) which uses a formal method to identify key community issues in our community (i.e., safe housing, transportation, etc.) and community health status data (i.e., lead poisoning rates, access to community water systems, etc.). DOH-St. Johns partners with the federally funded Head Start program by serving as a seasonal co-location site to allow for comprehensive screenings (i.e., child development and lead exposure) to children ages 3 to 5.

(4) Healthy Start (a Maternal and Child Health Program): Registered nurses review screenings of

pregnant moms and infants and then, as needed, conduct home visits which include a safety assessment (i.e. for potential sources of lead exposure) and child developmental screenings. Through the Nurse Case Management Model, those clients living in housing with LBP hazards are provided guidance on how to reduce exposure, and if needed, are provided information on how to access safe housing.

(5) Community Linkages: Because many residents still associate DOH-St. Johns with primary care services/lab testing services, residents frequently contact our Nurse Triage Call Center for referrals/linkages to lead testing locations within the community.

### **Actions planned to reduce the number of poverty-level families**

St. Johns County is dedicated to supporting a continuum of coordinated outreach efforts and services to enhance the lives of our residents, especially those living below the poverty line. The County works to strengthen neighborhoods and support families and individuals with social service programs, home repair, and infrastructure and public facilities, as well as collaborating with nonprofit partners and other state and local resources and service providers. The programs outlined in the Five-Year 2021-2025 Consolidated Plan are designed to meet the needs of our most vulnerable residents tailored to meet immediate, short-term, and long-term goals.

The St. Johns County Board of County Commissioners (BCC) governs and establishes the County's poverty-reducing goals and policies. Based on the direction received by the BCC leadership, the County departments are responsible for collaborating and administering poverty-reducing programs. Coordination between departments is facilitated through collaborative planning efforts, participation on coordinating bodies, and program-specific partnerships. St Johns County has overall objectives and policies in the Comprehensive Plan that are geared toward poverty reduction.

Objective C.1.1 is for the "Creation and Preservation of Affordable Workforce and Special Needs Housing", Objective C.1.2 states that "The County shall maintain its existing programs, investigate new programs and identify funding sources which will work toward the elimination of substandard housing and improve the aesthetic qualities of existing housing and encourage improvements that reduce energy and water consumption" which supports many of the needs identified in the community survey. Objective C.1.3 ensures "Adequate Areas for Very-Low-, Low- and Moderate-Income Households, Mobile Homes, Manufactured Homes, Group Homes and Foster Care Facilities". The BCC has also made it a priority to incorporate energy efficient building practices through the permitting and approval process, which will ultimately reduce energy costs for LMI households living in these homes. In addition to the above the County will continue to:

- Upgrade the Community Redevelopment Area (CRA) Housing Stock, which predominantly provides for low-income persons and continue its efforts to develop low to moderate income rental housing stock.
- Inventory all surplus County-owned land, foreclosed properties and in-fill opportunities that

could be used to promote affordable housing provision and production.

- Strategically work with developers seeking to develop affordable housing projects close to major employment centers and available amenities.
- The County will also continue its Ten-Year Plan to End Homelessness in St. Johns County.

### **Actions planned to develop institutional structure**

The leadership of St. Johns County begins with the Board of County Commissioners and filters through a variety of departments working collaboratively to meet the varied needs of our residents and businesses. There are a number of public and private agencies within the County that participate year-round in the provision of housing, public services, economic development services, homeless services, and other community development activities including capital improvements, public facilities, and infrastructure. The County also has several groups that collaborate continually to lobby for resources to alleviate identified gaps within the community. These groups include but are not limited to: The Health and Human Services Advisory Council (HHSAC), Health Leadership Council, Behavioral Health Consortium, Continuum of Care (CoC), Housing Finance Authority (HFA), and the Affordable Housing Advisory Committee (AHAC). Each of these groups has representatives from various agencies that provide services for the institutional delivery system within the county. As such, communication between agencies is frequent, goal-oriented, and aimed at resolving needs and gaps identified within the County.

### **Actions planned to enhance coordination between public and private housing and social service agencies**

St. Johns County will continue to strengthen its relationships with partnering public and private housing and social service agencies to address the housing and community development needs of low- and moderate-income residents. The County is an active participant in the CoC, the Health and Human Services Advisory Council, the Affordable Housing Advisory Committee, the Housing Finance Authority, and other committees that coordinate with service providers, private organizations, and other stakeholders. The County will also continue to fund non-profit organizations that provide social services and housing facilities to residents in need.

### **Discussion:**

St. Johns County is committed to meeting the needs of our underserved residents and making our County a great place to live, work and play. This includes efforts to affirmatively further fair housing in our community so that all residents feel welcome and valued members of our community.

## Program Specific Requirements

### AP-90 Program Specific Requirements – 91.220(I) (1,2,4)

#### Introduction:

St. Johns County expects to receive \$1,121,735 in CDBG funding for Program Year 2023.

### Community Development Block Grant Program (CDBG)

#### Reference 24 CFR 91.220(I)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	0
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan.	0
3. The number of surplus funds from urban renewal settlements	0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	0
5. The amount of income from float-funded activities	0
<b>Total Program Income:</b>	<b>0</b>

#### Other CDBG Requirements

1. The number of urgent need activities	0
2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate-income. Overall Benefit - A consecutive period of one, two, or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate-income. Specify the years covered that include this Annual Action Plan.	80.00%

St. Johns County will meet or exceed the minimum overall benefit of 70% of CDBG funds to be used to benefit persons of low and moderate-income. There is no program income to report.

Please list ideas on how the County staff can partner with citizens and organizations to help make your neighborhood the most desirable place to live and raise a family.

My neighborhood is very nice and most of these issues do not apply to my situation. We need street parking help in City and Mobility for our livability. Main concern is my children cannot afford to live in the City where they were born and raised and where they work. So we are losing our City to newcomers and the entire City has changed.

enforce property owners/landlords/managers into providing affordable rents or cap rent increases. my rent increased almost 100% in one year in 2021 from 1650 to 2950 forcing me into a new rental and cost me relocation, moving fees and school/work upheaval that affected me so deeply and put me into almost bankruptcy scenario. Im still not in clear and cannot find affordable rent for my son and self despite having a close to 100K a year salary

Please list ideas on how the County staff can partner with citizens and organizations to help make your neighborhood the most desirable place to live and raise a family.

Build roads and schools and emergency services BEFORE houses by charging developers and permit pullers impact fees. Traffic and access to timely services is a problem only getting worse. And we have always prided ourselves on schools but they are getting more crowded which will likely mean lower rated and hurt our housing values.

Please list ideas on how the County staff can partner with citizens and organizations to help make your neighborhood the most desirable place to live and raise a family.

Stop all the new development and spend money on taking care of the current residents and neighborhoods needing improvement. When there are people living in substandard housing, can't afford repairs, work here but can't find affordable housing, can't find adequate paying jobs, have transportation needs and medical needs, it's obscene to spend billions on new developments that only the rich can afford. The homeless need mental health and health care, as well as housing. Businesses are failing because they can't find workers who can afford to live here and the homeless population has increased because the lower and middle class have lost jobs, gotten sick, unable to pay rent or mortgage, got divorced and many live in cars with their children, using public restrooms to wash up for school or work. To be such a wealthy county, we are an embarrassment in the way people in need are treated. County staff can make the necessary changes if you wanted to do so.

Trash pick up parties. They is trash all over CR210 because of the traffic and trucks. I have two small children and the sidewalks on 210 are so small to ride or walk on safely. There are not a lot of parks in our area. I leave our area to take my kids to play because there is only one park around us. And I feel like gated parks are the only way to go for children's safety.

Please list ideas on how the County staff can partner with citizens and organizations to help make your neighborhood the most desirable place to live and raise a family.

My neighborhood is nice but there is not a good drain structure in place so when i rains hard there is a chance of flooding. there are also no public parks near by and there are a lot of empty lots that are polluted. Septic tanks are another main issue with no city sewer they are impossibly expensive to replace.

Please list ideas on how the County staff can partner with citizens and organizations to help make your neighborhood the most desirable place to live and raise a family.

Survey by street residents to determine priority for neighborhood/street. Grove Avenue severely needs taller and improved curbs due to the fact that the storm drain is that a fixed depth due to water table pipe. Additional street sweeping frequency would help maintain clearance of storm drain to prevent backflow flooding, we're talking normal rain storm not even major storm! Taller curbs to protect taxpayer properties and keep the water in the streets until it can rain. Sidewalks would also be beneficial to beautify high-traffic street and prevent trip hazards that happen frequently.

Vacant homes/lots and mischievous theft of mail and personal property is escalating and more than a nuisance. It seems to be the opinion of the community that calling for assistance is a worthless act. Please pay attention to the crime out here...including the use of vacant properties.

Stop the building of apartments, do more building of single family homes with bigger lots sizes, stop the cookie cutter construction looks awful. Make more roads. Stop looking like clay county, it's terrible and it's bringing the wrong people to St. John's county. It's okay to have a high income houses here, Jacksonville is big enough for the rest.

Flagler Estates has a lot of potential. Some of the issues that are holding the area back are- there are many properties out here that are full of garbage and are trashed, which really needs to be addressed. Also, there are constantly loose dogs in the area, so people are afraid to go on walks/ride bikes with their families. More lights in the area could also be beneficial due to the theft that happens out here.

Listen to community members. We have a BOCC that already has their minds made up before Public Comment is even exercised. Its a joke. They don't represent the community. The County staff don't cross the political line and speak on behalf of the community either. The Governor controls all the decision making in this County.

I was born and raised here. Now with a family of my own. I'd love to see more parks, more family friendly sidewalks, WAY MORE cross walks with lighting. I live across from the Amphitheater and it's so dark, zero cross walks, tons of traffic. Its so dangerous for my family's and teens to attempt to ride bikes anywhere. I so wish A1A Blvd was redesigned with benches lights crosswalks parks. Please. We deserve it!

Other (please specify):	<p>SJC must diversify its employment opportunities beyond service/tourism industry, government, and the few corporate employers. Too many residents, not enough well-paying local jobs. Don't offer sweetheart incentives to employers to come here, either — find another way. Large-scale residential construction has driven the population beyond what area roads can support. Effective mass transportation and traffic management is <i>*top priority*</i>. Meanwhile, there are professional vagrants begging everywhere, and the downtown tourist area is overrun. This is death for a stubbornly tourism-driven town.</p>

Other (please specify):	Affordable workforce housing must be #1. Effective mass transportation or locating housing near areas with jobs will help reduce road congestion. Reducing approved short-term rentals could increase housing supply and eventually help reduce rental costs (or put more homes on the market, though they might not be affordable). Sheltering homeless who *want* it, especially families, is important. This housing must be kid- and pet-friendly, and safe. (Simple housing availability is *not* a solution for the many homeless don't want shelter that requires them to stay sober, receive counseling, etc. )

Install more left/right turn traffic lights.. Watson Rd., 312 and the entrance to Flagler Hospital , as examples. Eliminate unnecessary access to every single road on US1. People need to learn to go to a traffic light and safety turn back, as it is in the other USA cities. To build more and wider safe sidewalks for walking and bicyclists. To control the homeless population on St George St. We can't even sit on the benches over there!

Thank you!

I really hope the the country does something about it!

Fixing our drainage issues - taking complaints serious and not having staff laugh at you - better regulations on STR's especially with overbooking the home ie 15 or more in a 3 bedroom with all the cars with no street parking - stop handing out variances to subdivide platted lots - enforce building codes height and wetlands setbacks - enforcement when neighbors are draining their property into another neighboring property

Hire more diversity! I've found the Sheriff's department unfriendly when I call. They are very intimidating and not helpful; all white males who look at me as a "dumb woman". You need to correct this attitude.

We need to stop the overdevelopment in the county. Too many new housing projects have been approved and it is making traffic and services impossible. Our quality of life is going down my the minute due to overdevelopment!

There seem to be a lot of entry level jobs here that do not pay enough to live in the county. I would like to see grocery stores (other than Publix) and non tourist oriented businesses that improve the quality of life for residents. It feels like we are the last to be considered anymore.

Other (please specify):

Homeless people need a hand up; some real options need to be considered as they are now everywhere begging. We need to help with housing and finding jobs. Most have mental health or substance abuse issues that need to be addressed also.

**Q5**

Other (please specify):

Our area has gotten so outrageous that people who work here often have to move to Palatka to afford housing. This is a terrible situation for the environment and their fuel costs, but people who work here should be able to afford to live here..

Flooding/stormwater drainage	1
Any other Public Facilities and infrastructure needs not listed above...	8

Other (please specify):

I live in West Augustine and we seem to always be the last to be considered for improvements. We have no sidewalks or crosswalks on streets that are too busy now due to Hiway 1 being overloaded with traffic so people cut through on Masters. It is dangerous. Stop the building in this county...that should be number 1 priority!

**Q7**

About the Rehabilitation of Existing Housing and Neighborhood Revitalization, what are the top challenges that property owners are facing? (1=Most Important 11=Less Important).

Any other housing rehabilitation or neighborhood revitalization concerns not listed above.	11

Other (please specify): West Augustine has very few sidewalks, the ones there are broken and cracked and not continuous so as to make it safe to walk in the area. Many of us in the area still have septic and can't afford to convert. Many of us are aging and do not have access to good transportation or a local grocery store we can walk to. Would love to have a Trader Joes or some other reasonable store in the area. .

**Q8**

Please list ideas on how the County staff can partner with citizens and organizations to help make your neighborhood the most desirable place to live and raise a family.

STOP BUILDING MORE HOMES!!!! There are too many people here for the infrastructure. Allow grocery stores other than Publix who seem to own our commissioners. Create sidewalks, crosswalks and lighting so we can walk and bike places safely. Provide more social services so we are not accosted by homeless people downtown and at every intersection. It is just sad in the richest country in the world and the richest county in the state.

We need a better park. Ron Parker could be unbelievable if updated. If you brought it to the communities attention they would pitch in and help - Like we did 20+ years ago for the creation of project swings.

Reference the park on Palm Coast - James F. Holland park.

Or Hoover Met Complex - Located in Hoover Alabama. These are great parks to copy.

**Q8**

Please list ideas on how the County staff can partner with citizens and organizations to help make your neighborhood the most desirable place to live and raise a family.

The county needs to create or take over housing locations instead of corporations. Our children are desperate need of mental health services and our families are sinking further into poverty due to elevated housing costs and inflation.

When there is no where else to turn, our county needs to step up and help the people who have been left behind and forgotten. Lack of security in a home causes sever mental health problems for both adults and children. Thus leading to a rise in criminal activity. Our community is drowning.

Community growth needs goods and services up to par with other cities-large stores like mainstream malls, large sporting goods stores -citizens should not have to drive to Jacksonville or Daytona with a population this size to buy necessities.

Public Facilities and Infrastructure (parks, community centers, and amenities). **3**

Rehabilitation of existing housing and neighborhood revitalization (homeowners experiencing difficulties maintaining their property and surrounding areas that might affect individual property value., rehabilitation/ construction of public buildings) **1**

Other (please specify):  
Stop allowing new homes to be built up 3ft higher than the older homes without consideration of where the water will flow from excessive rain. We need better drainage systems in Crescent Beach!! I'm tired of County not helping with flooding.

Our schools are going downhill fast. By limiting the books they read or history they can study Florida students will not be competitive for jobs in years to come. We must pay our teachers what they are worth and stop restricting their ability to teach our kids.

We should have updated modern signage "St Johns County" at the I95 exits on CR210, SR16, CR206 or CR207 with updated landscape.

Fix the 9B exit onto St Johns Parkway, maybe speed-strips - This is a major flaw and a liability to the county. Very poorly designed.

Stop permitting of construction in natural lowland areas that are important for storm water/flood management. Increase monitoring of vandalism, control dangerous traffic through area of flooded streets after storms. Stop creating attractions and traffic to neighborhoods and other areas that are overcrowded but were not designed to handle crowds.

There is too much "growth" activity and not enough thought for maintaining the beauty and function of what st Augustine already has.

Stop building and cutting down trees on every square inch of land!! Swamp being filled in and built on has made our neighborhood flood during hurricanes!

More sidewalks/bike paths, better Maintenance of parks, less traffic, return the carousel the kids loved it, more splash parks, better crossing lights, more right turn lanes, stop advertising St. Augustine, we have enough tourists and snowbirds!

Stop selling wetlands that help with flooding to RE developers that add hundreds of homes without consideration to existing infrastructure and not paying the county for improvements to the infrastructure issues they create. Stop allowing homes that can be rented to families becoming STR! St Augustine needs reliable public transportation to reduce the amount of cars that need parking, most are workers that have jobs at the many shops and restaurants downtown. Pay attention, you're destroying a historic city and not looking at the big picture!! You're only looking at your own wallets!

Please list ideas on how the County staff can partner with citizens and organizations to help make your neighborhood the most desirable place to live and raise a family.

Our community in Hastings needs a grocery store like Publix or Winn Dixie. We also need better mass transit as people can't afford cars and insurance but need to go to work which is usually in St. Augustine or Jacksonville. Or bring jobs to Hastings. Also people can't afford to make home repairs as the cost of everything is too high.

Please list ideas on how the County staff can partner with citizens and organizations to help make your neighborhood the most desirable place to live and raise a family.

Regulating short term rentals to the fullest extent possible under the law. If the owner does not reside in the premises, STR are not a true residential use, they are merely the operation of a dwelling for hire, which is a commercial use. Unoccupied STR are a nuisance to their neighbors, have made the housing of key tourism workers completely unaffordable, increase burden on all infrastructure such as law enforcement, sewer, roads, and increased real estate costs to make purchase of homes unaffordable for many who wish to live and work in our community.

Please list ideas on how the County staff can partner with citizens and organizations to help make your neighborhood the most desirable place to live and raise a family.

Bike lanes, more parks, transit, more mixed-use/density, shaded sidewalks, less SRTs, and homeless services would all improve my neighborhood immensely. There are groups in this county (or in the area generally, like the TPO) devoted to most of these issues, the County should absolutely be exploring partnerships.

My neighborhood is Flagler Estates. A through sweep of the community needs to be done to remove drug houses. More law enforcement on the roads to stop speeders. The youth out here need something to do. Bring a PAL program here to get kids engaged and involved. Something organized for the kids. This area is a food desert. We need retail food store out here with more healthy options other than the dollar store or buzzmart.

Provide reliable and ongoing financial help to NGO's serving the homeless and organizations helping first time home buyers with down payments and bridge programs so people can invest in homes near where they work. Establish a Public Housing Authority in order to qualify for more grants and funding currently not available to the county. This would also help provide vouchers so seniors can stay in their rentals and people can transition out of homelessness.

#	RESPONSES	DATE
1	Provide reliable and ongoing financial help to NGO's serving the homeless and organizations helping first time home buyers with down payments and bridge programs so people can invest in homes near where they work. Establish a Public Housing Authority in order to qualify for more grants and funding currently not available to the county. This would also help provide vouchers so seniors can stay in their rentals and people can transition out of homelessness.	4/7/2023 2:28 PM
2	Continue to be assessable and patient.	4/6/2023 8:29 PM
3	Town hall meeting and build group from communities impacted	4/6/2023 6:51 PM
4	Hastings CARE Committee, Hastings Main St Association, Rotary Club of Hastings	4/6/2023 1:14 PM
5	Pay attention to neighborhoods and not just the tourist & beach area.	4/6/2023 11:10 AM
6	Have more community support, meetings ,information .	4/5/2023 5:07 PM
7	My neighborhood is Flagler Estates. A through sweep of the community needs to be done to remove drug houses. More law enforcement on the roads to stop speeders. The youth out here need something to do. Bring a PAL program here to get kids engaged and involved. Something organized for the kids. This are is a food desert. We need retail food store out here with more healthy options other than the dollar store or buzzmart.	4/5/2023 3:22 PM
8	A place for the homeless	4/1/2023 9:40 PM
9	This is a great way to start! Hearing from the community! Engagement of the citizens most affected by presence at local events may help reach people not interested in surveys. ThNk you!	3/31/2023 9:04 AM
10	Bike lanes, more parks, transit, more mixed-use/density, shaded sidewalks, less SRTs, and homeless services would all improve my neighborhood immensely. There are groups in this county (or in the area generally, like the TPO) devoted to most of these issues, the County should absolutely be exploring partnerships.	3/31/2023 8:27 AM
11	Regulating short term rentals to the fullest extent possible under the law. If the owner does not reside in the premises, STR are not a true residential use, they are merely the operation of a dwelling for hire, which is a commercial use. Unoccupied STR are a nuisance to their neighbors, have made the housing of key tourism workers completely unaffordable, increase burden on all infrastructure such as law enforcement, sewer, roads, and increased real estate costs to make purchase of homes unaffordable for many who wish to live and work in our community.	3/31/2023 7:15 AM
12	Not creating new programs that cost the taxpayers more money.	3/30/2023 1:13 PM
13	Infrastructure improvements;ie, street repairs and sidewalks. Partner in effort to revitalize and bring worthwhile businesses to Main Street. Businesses to benefit residents and encourage others to come to Hastings. Help us make Hastings a great place to visit, to live, raise children, and retire to.	3/30/2023 11:17 AM
14	Hold neighborhood meetings to inform what is available and ask what is needed most.	3/30/2023 8:00 AM
15	County needs free after-school activities for kids.	3/29/2023 9:12 PM
16	Our community in Hastings needs a grocery store like Publix or Winn Dixie. We also need better mass transit as people can't afford cars and insurance but need to go to work which is usually in St. Augustine or Jacksonville. Or bring jobs to Hastings. Also people can't afford to make home repairs as the cost of everything is too high.	3/29/2023 1:40 PM

# St. Johns County PY 2023 Annual Funding Community Needs Assessment Survey

17	Remedy flooding issues. Limit vacation rentals	3/29/2023 9:25 AM
18	Leave flagler estates the way it is, just help keep it maintained. No more development or building in our community	3/28/2023 6:11 PM
19	County staff needs to hold more public meetings at convenient times and locations so residents can hear first hand about upcoming issues and votes. Staff needs to adress resident concerns and NOT vote around them!!	3/28/2023 4:58 PM
20	Build housing for the homeless with services and facilities to help them manage mental health, drug and other issues. Create jobs that help them grow their self esteem. Build affordability housing for workers with access to transportation to help limit private cars in downtown. Make sure that developers contribute to the infrastructure of roadways and build a certain percentage of affordable homes and also provide land that will retain its original wooded areas for wildlife. Hire more Animal Control officers and make the County Shelter a NO KILL SHELTER.	3/28/2023 2:24 PM
21	Stop allowing \$ to rule when it comes to approving developments that we keep showing up at meetings with good valid reasons why NOT to approve big rich delopers to keep building when the infrastructure can NOT support it	3/28/2023 7:14 AM
22	Zoning Limitations of short term rentals in established neighborhoods. Example: 1 STR per every 8 residential homes. Exception, beach front condos/homes	3/28/2023 6:28 AM
23	Enforce rules, restrictions in a supportive way. Have area ombudsmen to receive information about issues and work to remediate issues faced by residents/neighborhoods of a geographic area.	3/28/2023 5:37 AM
24	Stop selling wetlands that help with flooding to RE developers that add hundreds of homes without consideration to existing infrastructure and not paying the county for improvements to the infrastructure issues they create. Stop allowing homes that can be rented to families becoming STR! St Augustine needs reliable public transportation to reduce the amount of cars that need parking, most are workers that have jobs at the many shops and restaurants downtown. Pay attention, you're destroying a historic city and not looking at the big picture!! You're only looking at your own wallets!	3/27/2023 9:42 PM
25	Stop building!	3/27/2023 8:55 PM
26	Walkability and transportation along with low income housing and assistance with maintenance and safety concerns.	3/27/2023 8:37 PM
27	Refurbish homes, storm-strengthen homes, pedestrian trails, save small open spaces to provide green mini-parks.	3/27/2023 6:27 PM
28	Make it affordable for young families to be able to buy homes.	3/27/2023 10:39 AM
29	Stop building especially multi family housing. You are hurting the environment and creating pollution.	3/27/2023 10:07 AM
30	Street lights and sidewalks for folks to travel safely on foot and by bicycle. more parks for children to play at. Speed humps to slow speeders. Police substation to deter crime.	3/27/2023 8:15 AM
31	No HOA up your ass and let grandfather in to community center usage to older neighborhoods	3/26/2023 10:19 PM
32	Vilano needs serious help! Please stop the building on the fragile sand dune. Please stop the short term rentals from destroying the neighborhoods.	3/26/2023 8:52 PM
33	Stop building and cutting down trees on every square inch of land!! Swamp being filled in and built on has made our neighborhood flood during hurricanes! More sidewalks/bike paths, better Maintenace of parks, less traffic, return the carousel the kids loved it, more splash parks, better crossing lights, more right turn lanes, stop advertising St. Augustine, we have enough tourists and snowbirds!	3/26/2023 5:26 PM
34	There are too many People and too much traffic. This problem keeps growing!!!	3/26/2023 4:16 PM
35	Reach out to the communities. People want to help, but don't know how. A community liaison (even as a volunteer position) would be beneficial.	3/26/2023 3:09 PM
36	Fire the Building and Development Department Staff.	3/26/2023 2:32 PM
37	Fire the building department and development department staff.	3/26/2023 2:32 PM

## St. Johns County PY 2023 Annual Funding Community Needs Assessment Survey

56	Fixing our drainage issues - taking complaints serious and not having staff laugh at you - better regulations on STR's especially with overbooking the home ie 15 or more in a 3 bedroom with all the cars with no street parking - stop handing out variances to subdivide platted lots - enforce building codes height and wetlands setbacks - enforcement when neighbors are draining their property into another neighboring property	3/25/2023 8:56 AM
57	Install more left/right turn traffic lights.. Watson Rd., 312 and the entrance to Flagler Hospital , as examples. Eliminate unnecessary access to every single road on US1. People need to learn to go to a traffic light and safety turn back, as it is in the other USA cities. To build more and wider safe sidewalks for walking and bicyclists. To control the homeless population on St George St. We can't even sit on the benches over there! Thank you! I really hope the the country does something about it!	3/25/2023 8:37 AM
58	Affordable internet that's reliable all throughout the neighborhood. So our cameras can work and our kids can play games with cousins in other states.	3/25/2023 8:07 AM
59	Value our veterans! Get homeless folks a place to live and stop wasting \$\$\$ on government buildings & salaries!!	3/25/2023 7:23 AM
60	More parks (with terrain that is baby friendly) and micro-parks/playgrounds. PUBLIC POOLS! Community centers with programming for children and senior citizens, gyms and saunas.	3/24/2023 8:12 PM
61	Make downtown and parks safe for kids and families.	3/24/2023 8:01 PM
62	First get the infrastructure in Place,then build all that is needed within reason.	3/24/2023 6:40 PM
63	Make sure neighborhood lawns and exteriors are kept up and in appealing conditions.	3/24/2023 5:53 PM
64	April 22 is earth day and rails to trails offers cleanup in 2 locations in Florida. Said Augustine NOT being one. Intersections and motorists not following traffic traffic laws. Example not stomping to turn right on red and driving in crosswalks when there are cyclists, strollers, pedestrians. Florid per capita is number 1 for bicycle fatalities. Without per capita it is ranked 3rd California and Texas #1 and 2.	3/24/2023 4:17 PM
65	Make it possible to short term rent our houses. More sidewalks safe walking for pedestrians. Make streets prettier - more flowers and landscapibg. Make panhandling illegal	3/24/2023 4:14 PM
66	Maintaining roads and waterfront parks, install sewer system county wide, charge for boat ramp usage in St Augustine South similar to beach access and trash and yard collection!	3/24/2023 3:03 PM
67	I am praying that I can just keep a roof over my family's head. 3 of us are surviving on Social security	3/24/2023 2:44 PM
68	slow density building	3/24/2023 2:35 PM
69	Control development	3/24/2023 2:08 PM
70	Reduce homeless population, neighborhood watch/security cameras, additional traffic lights on US1, slower speed on US1	3/24/2023 1:41 PM
71	Affordable housing and road upgrades	3/24/2023 12:56 PM
72	The most important thing right now is to stop this ridiculous over-development ruining our once beautiful St. John's County!	3/24/2023 12:20 PM
73	I was born and raised here. Now with a family of my own. I'd love to see more parks, more family friendly sidewalks, WAY MORE cross walks with lighting. I live across from the Amphitheater and it's so dark, zero cross walks, tons of traffic. Its so dangerous for my family's and teens to attempt to ride bikes anywhere. I so wish A1A Blvd was redesigned with benches lights crosswalks parks. Please. We deserve it!	3/24/2023 12:14 PM
74	Sidewalks in the South. Indoor and outdoor options for families with children! Dog parks. Boardwalks/sidewalks/hiking paths to encourage outdoors, health and wellness. Perhaps businesses would assist in sponsoring creation of such places.	3/24/2023 10:54 AM
75	Preserve the green spaces on Race Track Rd. Add raquetball courts to parks.	3/24/2023 8:59 AM
76	Completion of new public safety structure at Cypress Lakes	3/24/2023 7:49 AM
77	Need Flagler Estates to remain rural.	3/24/2023 12:02 AM

## St. Johns County PY 2023 Annual Funding Community Needs Assessment Survey

78	Communication...more surveys with action once the surveys are completed	3/23/2023 11:03 PM
79	Listen to community members. We have a BOCC that already has their minds made up before Public Comment is even exercised. Its a joke. They don't represent the community. The County staff don't cross the political line and speak on behalf of the community either. The Governor controls all the decision making in this County.	3/23/2023 9:59 PM
80	Limit permits for so many excessive new homes until we have infrastructure to maintain them	3/23/2023 8:35 PM
81	Dredge deep creek thru out fe and up to 13, so we don't flood.	3/23/2023 7:35 PM
82	Traffic at high-school on 16 bad.finish st johns parkway and have school empty to this road. STOP or slow building in st johns county.	3/23/2023 7:23 PM
83	Encourage grocery stores to build in 32145	3/23/2023 5:40 PM
84	A grocery store	3/23/2023 4:09 PM
85	Flagler Estates has a lot of potential. Some of the issues that are holding the area back are- there are many properties out here that are full of garbage and are trashed, which really needs to be addressed. Also, there are constantly loose dogs in the area, so people are afraid to go on walks/ride bikes with their families. More lights in the area could also be beneficial due to the theft that happens out here.	3/23/2023 3:28 PM
86	Partnering with the sherriffs to close down houses with ongoing drug sales.	3/23/2023 2:25 PM
87	Make continual efforts to get in front of community members to hear the concerns first hand. Use Harris Center & Flagler Estate Center to meet people while using the facilities	3/23/2023 2:04 PM
88	Business incentives to hire St. John's County residents. County composting. Tax the rich. Do not insure coastal private property. Halfway houses and other homeless outreach.	3/23/2023 2:02 PM
89	Please widen the sidewalks along Lingleaf Pine Parkway so they will be more safe for students walking and riding bikes home from Patriot Oaks Academy to the Durbin Crossing neighborhoods!	3/23/2023 1:27 PM
90	Change this survey to allow participants to check off their real responses	3/23/2023 1:14 PM
91	Better internet, phone services	3/23/2023 12:54 PM
92	Bring crime down in FE	3/23/2023 12:39 PM
93	Picture type surveys instead of worded surveys can help too when trying to get an understanding of what citizens want. Short descriptions with unbiased benefits or consequences to the options. New residents may not realize that ranking water issues low can cause storm issues later in the year.	3/23/2023 12:35 PM
94	Fund affordable housing	3/23/2023 12:34 PM
95	Make people contain there dogs so we can safely walk bike and run on our streets more police and animal control control fireworks and gun shooting. Bullying for new commers.	3/23/2023 12:22 PM
96	Stop the building of apartments, do more building of single family homes with bigger lots sizes, stop the cookie cutter construction looks awful. Make more roads. Stop looking like clay county, it's terrible and it's bringing the wrong people to St. John's county. It's okay to have a high income houses here, Jacksonville is big enough for the rest.	3/23/2023 12:15 PM
97	Public Schools, stop taking money from Public funding and giving them to wealthy private schools. Stop killing middle America. Not everyone is a Ponte Vedra Beach millionaire.	3/23/2023 11:00 AM
98	Vacant homes/lots and mischievous theft of mail and personal property is escalating and more than a nuisance. It seems to be the opinion of the community that calling for assistance is a worthless act. Please pay attention to the crime out here...including the use of vacant properties.	3/23/2023 10:51 AM
99	STOP changing zoning to permit more building and people moving in until the infrastructure is there to support it!!!	3/23/2023 10:42 AM
100	Survey by street residents to determine priority for neighborhood/street. Grove Avenue severely needs taller and improved curbs due to the fact that the storm drain is that a fixed depth due to water table pipe. Additional street sweeping frequency would help maintain	3/23/2023 10:39 AM

clearance of storm drain to prevent backflow flooding, we're talking normal rain storm not even major storm! Taller curbs to protect taxpayer properties and keep the water in the streets until it can rain. Sidewalks would also be beneficial to beautify high-traffic street and prevent trip hazards that happen frequently.

101	My neighborhood is nice but there is not a good drain structure in place so when i rains hard there is a chance of flooding. there are also no public parks near by and there are a lot of empty lots that are polluted. Septic tanks are another main issue with no city sewer they are impossibly expensive to replace.	3/23/2023 10:20 AM
102	Formulate a plan regarding beach erosion/ Summer Haven River. The next hurricane is coming.	3/23/2023 9:54 AM
103	Hold Zoom meetings as not everyone is able to attend in person.	3/23/2023 9:45 AM
104	The county needs more accessible parks, there are so many other areas that have great playgrounds splash areas and other things for kids. The county has had a staggering number of families move here in recent years and nothing has changed or been designed.	3/23/2023 9:40 AM
105	Limit the number of rental properties by private owners and limit short term rentals.	3/23/2023 9:37 AM
106	Meet with communities regularly for their input on current issues with all of the above concerns.	3/23/2023 9:23 AM
107	People can't move out here until we get some reliable internet options. Today many jobs require internet access and the ability to work from home.	3/23/2023 9:04 AM
108	My number one concerns circle around poor roads infrastructure, and lack of affordable mental health care.	3/23/2023 8:42 AM
109	I believe that we need to create more community based co working spaces ... an incubator kitchen in the area would be great for young food start up businesses food businesses are the cheapest and easiest to start, and it would be the quickest way to get people earning money to be self-sufficient.	3/23/2023 8:35 AM
110	Storm drainage is a huge issue for my neighborhood, Hidden Harbour and Surfwind Estates. We need relief asap.	3/23/2023 8:15 AM
111	Safe and effective services for the homeless. SAFE Crosswalks on A1A to access beach. Sidewalks. Street lighting. Code enforcement!	3/23/2023 8:00 AM
112	Police presence to stop the constant speeding and reckless driving on West Deep Creek Blvd at night and weekends. Adorable housing and assistance for first time homeowners with preference to families with children and working in St John's county.	3/23/2023 7:56 AM
113	Too many overpriced developments that locals can't afford to live in. Too many multi family units cramming more people in a town that does not have the infrastructure to maintain the overpopulation.	3/23/2023 7:13 AM
114	Safety	3/23/2023 7:03 AM
115	Create a drop-in center in each District where residents can visit and talk with a newly created staff representative, District (1, 2, 3, 4, 5) Community Liason Manager	3/23/2023 7:02 AM
116	PARKS WITH SPLASH PAD AND SHADED AREAS TO PLAY! SO HOT HERE AND KIDS UNDER THE SUN ALL YEAR	3/23/2023 6:52 AM
117	More places for kid and adult friendly activities. Definitely need more park and community centers	3/23/2023 5:51 AM
118	Provide a police station that has a few officers on duty, 24/7/365. Place more street lights, arrest drug sellers and addicts. Dig out culverts on CR 204, and place drainage into a retention pond.	3/23/2023 5:43 AM
119	1.) For planning and code enforcement to be proactive in making sure wetlands are not disturbed while land is cleared for development in Flagler Estates. 2.) Complete step with USPS to give residents the option to choose Flagler Estates in the 32145 zip code as a quick victory project for CRA. 3.) For County Commissioner to be present during FE CRA Steering Committee meetings at the FE Community Center at least twice per year with residents present; once to provide clarity on how community needs align with county plan during planning process and secondly to report progress on needs met halfway to give time to take	3/23/2023 1:09 AM

steps for redirection before year end, if needed. 4.) Public Works with FERWCD to set up a tire collection to decrease tires thrown in ditches.

120	Trash pick up parties. They is trash all over CR210 because of the traffic and trucks. I have two small children and the sidewalks on 210 are so small to ride or walk on safely. There are not a lot of parks in our area. I leave our area to take my kids to play because there is only one park around us. And I feel like gated parks are the only way to go for children's safety.	3/23/2023 1:05 AM
121	Slow or halt new construction until all local schools can accommodate student loads without using portables which we're supposed to be temporary but have become permanent fixtures.	3/22/2023 11:48 PM
122	More infrastructure.	3/22/2023 10:56 PM
123	We need more community options for kids/teens. Bowling alley, movie theater, Top Golf etc.	3/22/2023 10:22 PM
124	More internet options.. NO HOA. Better roads.. Street lights..	3/22/2023 9:32 PM
125	Address the cost of insurance! No one can afford the outrageous price increases!	3/22/2023 9:24 PM
126	Stop all the new development and spend money on taking care of the current residents and neighborhoods needing improvement. When there are people living in substandard housing, can't afford repairs, work here but can't find affordable housing, can't find adequate paying jobs, have transportation needs and medical needs, it's obscene to spend billions on new developments that only the rich can afford. The homeless need mental health and health care, as well as housing. Businesses are failing because they can't find workers who can afford to live here and the homeless population has increased because the lower and middle class have lost jobs, gotten sick, unable to pay rent or mortgage, got divorced and many live in cars with their children, using public restrooms to wash up for school or work. To be such a wealthy county, we are an embarrassment in the way people in need are treated. County staff can make the necessary changes if you wanted to do so.	3/22/2023 9:23 PM
127	Build roads and schools and emergency services BEFORE houses by charging developers and permit pullers impact fees. Traffic and access to timely services is a problem only getting worse. And we have always prided ourselves on schools but they are getting more crowded which will likely mean lower rated and hurt our housing values.	3/22/2023 9:06 PM
128	We need an epic playground like Palm Coast!	3/22/2023 8:27 PM
129	Talk to Palm Valley Community Association about local concerns. Traffic, lack of sewer , some old septic systems on the water and need for adequate water lines for fire hydrants Roscoe Blvd doesn't have them.	3/22/2023 8:24 PM
130	Better landscaping along roadways:trash removal on road sides; maintenance of landscaping/trees	3/22/2023 7:55 PM
131	Maintain/expand roads at entries of the county Stop advertising for the county Provide better services for the homeless and people with mental health issues Take politics out of county housing decisions.	3/22/2023 7:46 PM
132	A good planner. Seems this county was left to a bunch of \$\$ oriented people that did not realize the insanity they are creating! Please stop overpopulating every corner of St.John's County!!!	3/22/2023 7:31 PM
133	More community events supporting and bringing together small businesses and bringing art and different cultures together.	3/22/2023 7:26 PM
134	Stop over developing our county without a long term plan or infrastructure. We need an other north-south road between US 1 and the intracoastal. Stop trying to make A1A through residential Ponte Vedra into another Atlantic Blvd.	3/22/2023 7:09 PM
135	Keep reaching out to residents and publish results	3/22/2023 7:04 PM
136	More infrastructure before more new neighborhoods! We need more and better roads, more schools, teachers, police, firefighters, EMT, Doctors, etc.	3/22/2023 6:59 PM
137	enforce property owners/landlords/managers into providing affordable rents or cap rent increases. my rent increased almost 100% in one year in 2021 from 1650 to 2950 forcing me into a new rental and cost me relocation, moving fees and school/work upheaval that affected me so deeply and put me into almost bankruptcy scenario. Im still not in clear and cannot find affordable rent for my son and self despite having a close to 100K a year salary	3/22/2023 5:45 PM

138	Desirable? Raise a family? Our schools are a mess! A cluster! HELP our schools. We do not need MORE! Enough is enough! Our schools are suffering...	3/22/2023 5:30 PM
139	we need more sidewalks and places for the kids to go and the teens to go. Tennis courts, bike trails, safe parks, beach accesses	3/22/2023 5:25 PM
140	Safe-to-Cross crosswalks on Anastasia Island on A1A just south of the Bridge of Lions	3/22/2023 5:18 PM
141	Improve the drainage ditches need to be fixed	3/21/2023 12:45 PM
142	Too late. There is no desirable place to live if you have to travel any road in this county to get there.	3/20/2023 9:37 PM
143	My neighborhood is very nice and most of these issues do not apply to my situation. We need street parking help in City and Mobility for our livability. Main concern is my children cannot afford to live in the City where they were born and raised and where they work. So we are losing our City to newcomers and the entire City has changed.	3/19/2023 9:06 AM
144	Be proactive about helping residents throughout the County with issues of aging infrastructure.	3/18/2023 10:35 AM
145	Create a housing authority geared to solving workforce housing and homelessness. Incentivize starter homes, reduce impact fees and allow more density. Make big developers contribute to the fullest possible under law.	3/16/2023 10:42 AM
146	Fund more affordable housing! People have no place to live and it's directly causing a homelessness crisis.	3/15/2023 8:45 PM
147	Decrease vacation rentals--we have no neighbors now. And flooding is dangerous--drainage needed desperately.	3/14/2023 4:23 PM
148	Increase funding and support to not for profit organizations like the St. Johns Housing Partnership that have proven success in addressing many needs covered in the survey.	3/14/2023 2:51 PM
149	Improving access to quality child care and increasing the amount of family friendly programming.	3/14/2023 1:26 PM
