

Calendar Year 2020

DATE: April 1, 2021

COMMITTEE NAME: Health and Human Services Advisory Council (HHSAC)

CHAIRMAN: Charles Daly

STAFF SUPPORT: Mary Garcia, St. Johns County Health and Human Services

BCC LIAISON: Commissioner Jeb Smith

BRIEF HISTORY OF COMMITTEE: In 1997, the Health and Human Services Advisory Committee and the Mental Health Substance Abuse Advisory Committee were combined to form the Health and Human Services Advisory Council to the Board of County Commissioners. The Council evaluates human services programs in the community, assists in determining the effectiveness of programs to help reduce duplication of services and assures the health and human services needs of the residents of St. Johns County are met. The Council review applications requesting County funding for programs that provide health, mental health, substance abuse, and social services and submit recommendations to the Board of County Commissioners. The Council performs its functions and duties without regard to the race, religion, gender or national origin of any affected person.

MISSION STATEMENT: The health and well-being of a community is a function of its quality of life, including the delivery of health and human services supported by public policy and funding those in need of such services. Our mission is to be responsive to those needs and to recommend funding programs worthy of public support for citizens of St. Johns County.

ACCOMPLISHMENTS:

- Funding for the fiscal year 2021 for the Health & Human Services Independent Agency was \$1,949,450.00.
- Though largely impacted by the pandemic and difficulty in finding meeting space, the Advisory Council continued to require virtual attendance by community partners to present on timely topics at monthly general meetings. The Council also requested a representative from Flagler Hospital, the lead agency for the Continuum of Care for Homelessness, attend Advisory Council meetings so that a monthly update would be provided to the Council concerning the CoC, the Point in Time Count, and other matters related to homelessness.
- Funded agencies were required to provide written quarterly reports in order for the Advisory Council to be kept informed of the effectiveness of the services being provided through County funding.

The Health & Human Services Advisory Council would like to thank the Board of County Commissioners for the ongoing support and thank all of the County staff members who supported the HHSAC throughout the year.

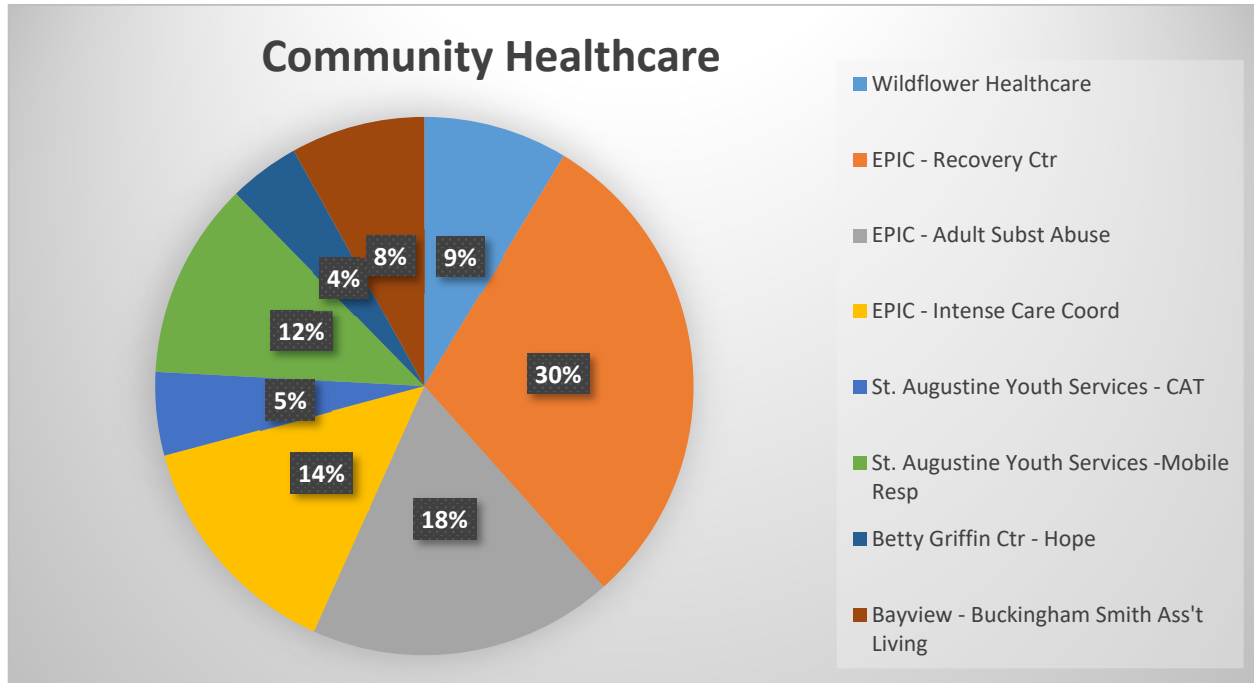

GOALS & OBJECTIVES FOR 2021:

1. Identify needs, gaps and access issues associated with Affordable, Emergency, Transitional and Supportive Housing as they relate to St Johns County Health and Human Services programs.
2. Continue to follow the Continuum of Care to ensure the effective coordination of services by all community service providers and continued participation by community stakeholders.
3. Continue to review quarterly reports by all funded agencies in order to monitor their outcomes.

PLEASE SEE FUNDING CHARTS ON FOLLOWING PAGES.

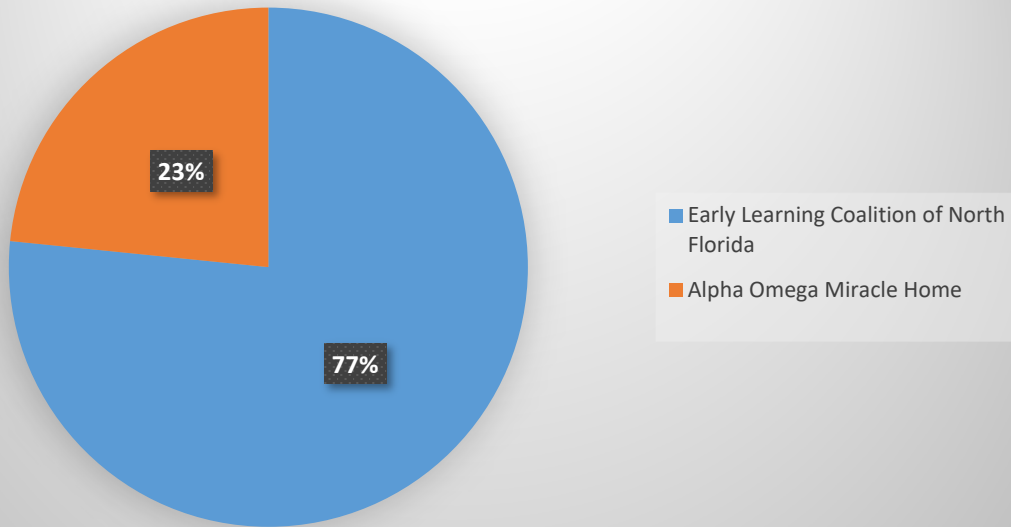

FY 2020 – Independent Agency Funding:

On August 1, 2019, the Health & Human Services Advisory Council reviewed and discussed the Independent Agency Funding Program evaluation process, application scores, and funding recommendations. The funding methodology was primarily based on application scores and rankings, and the community priorities and needs. The HHSAC voted unanimously on the following funding amounts for fiscal year 2020. These amounts were included in the County’s fiscal year 2020 budget and were formally adopted on September 24, 2019, by the Board of County Commissioners.
