Additional Information:

I have had a 40-year relationship with Ponte Vedra and Palm Valley, first as a very frequent visitor to family and friends here, and now, since 2020, as a permanent resident of Ponte Vedra Beach. I have been witness to the progressive expansion of the area and have always been interested in the preservation of the unique character of the area, and I see that membership on the Architectural Review Committee would offer me an opportunity to exercise my interest in making sure the unique character can be kept intact and within the codes, restrictions, and parameters prescribed by St. Johns County and the two overlays within. And after three years as president of the Board of Directors of The Pointe at Ponte Vedra Condominium Association (a community of 56 units) I have first-hand experience and knowledge of the need for the ARC. I enjoy working with individuals and groups in working through issues when they arise to come to positive conclusions.
