

2024-2025 WPI Program

We are excited to announce several enhancements to the St. Johns County WPI Program that are effective March 1, 2025. These improvements are designed to make the process simpler for all participants.

KEY ENHANCEMENTS

- 1. Electronic WPI Form:** Starting March 1, 2025, the WPI form will ONLY be available in an updated electronic format. Scan the QR code to access it now!
- 2. No More Paper Forms:** All submissions must be completed using the electronic form. The new form is available on a user-friendly website, in an easy-to-use survey found at this link, or the QR code above:

- 3. Action Required for Recent Exam Participants:** Employees and Spouses who had already participated using the former program steps, prior to the 3/1/25 update, will need to complete the new electronic form to ensure their participation is recorded.
- 4. Additional Health Screenings Approved:** We are pleased to announce that additional health screenings have been approved to qualify for the WPI. A full list of approved health screenings can be found on the electronic version of the form. **New**
- 5. Link with QR Code:** A new link and a QR code are now available for easy access to the updated electronic WPI form. Simply scan the QR code to be directed to the form.

We believe these enhancements will improve your experience with our organization's annual WPI Program and we look forward to your engagement!
