

NO DIGGITY!

Always call 811 before starting any kind of digging project.

**AUGUST 11 IS KNOWN AS
811 DAY.**

Whether its a small backyard or a large excavation project, calling 811 ahead of time reduces the risk of hitting an underground utility line.

DIGGING STRATEGY:

Step 1: Call 811 in Advance

It's a simple step that can **prevent serious injuries, costly repairs, and save lives.**

Step 2: Wait the Required Amount of Time

811 is **free**, fast, and the foundation of every safe digging project.

Step 3: Confirm All Utilities Have Responded

Never allow unmarked digging to begin.
