MAP SERIES

Location: The subject property is located on the west side of A1A S, approximately 0.15 miles south of the Matanzas Inlet.

Aerial Imagery: The subject property consists of 1.03 acres or 44,295 sq. ft. and is currently developed with a single family residence, which is consistent with the surrounding area.

Future Land Use: The subject property and the surrounding areas are designated Residential-A on the Future Land Use Map (FLUM). FLUM designations in nearby vicinity include Commercial, Parks/Recreation, and Conservation.

Zoning District: The subject property and adjacent properties are zoned Residential, Single Family (RS-3). Zoning designations in nearby vicinity include PUD, CG, RG-1, and CHT.

Flood Zone Map: The subject property and surrounding properties are located in Flood Zone AE.

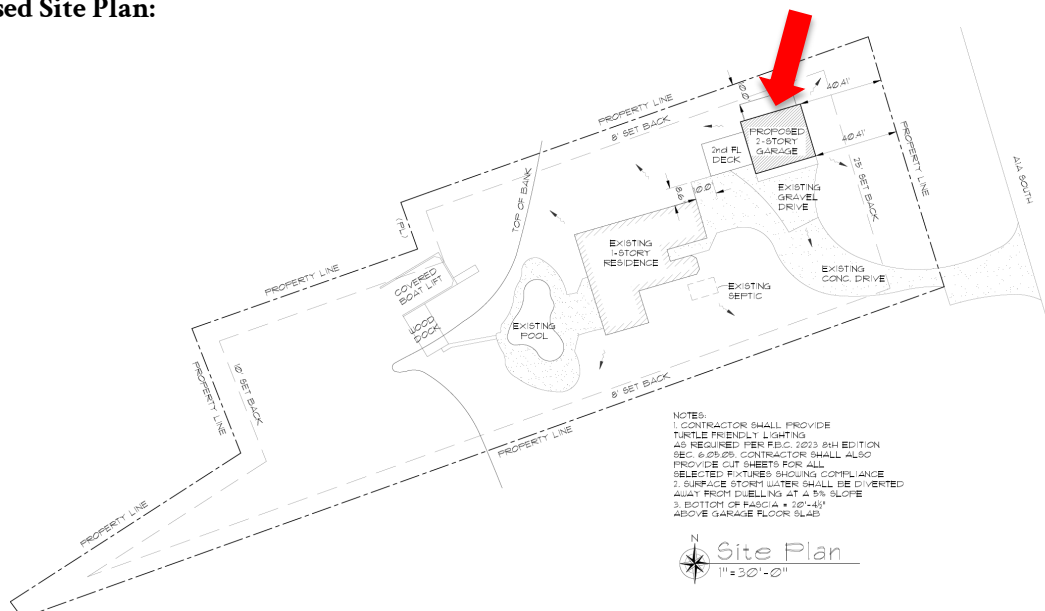

APPLICATION SUMMARY

The applicant requests a Zoning Variance to Section 2.02.04.B.4 of the Land Development Code to allow for the construction of a detached accessory garage for personal use & storage that will be larger in size and taller in eave height than the existing Main Use Structure. The detached garage has a proposed height of 29' while the existing single-family home has a height of 16'-10". Per the application materials provided, the property owner intends to replace the existing home at some point in the future with a new home that will be larger than the proposed garage, which would make it in compliance with Section 2.02.04.B.4.

The location of the detached garage is delineated with the red arrow in the attached site plan below:

The Application, Narrative, Site Plan, and other relevant information are provided within **Attachment 2 Application and Supporting Documents**.

APPLICABLE REGULATIONSLDC, Section 2.02.04.B.4

Private garages and storage Buildings, provided such Structure shall be accessory in size to the main residential Building and the maximum eave height shall be no greater than the maximum eave height of the main Use Structure, unless the Structure is placed in such a manner on the Lot that the Structure cannot be viewed from the front property line, either due to distance or by being fully screened with opaque fencing or landscape. All private garages and storage buildings shall require a building permit.

LDC, Section 10.04.02 Zoning Variances

The St. Johns County Planning and Zoning Agency (PZA) may grant Zoning Variances, which are found not to be contrary to the public interest and owing to special conditions, a literal enforcement of this Code will result in unnecessary and undue Hardship. The Planning and Zoning Agency may provide such conditions and safeguards as may be appropriate and in harmony with the purpose and intent of this Code as part of the Variance.

Article XII, Definitions

Variance, Zoning: Variance is a relaxation of the terms of this Code where;

- i) such Variance will not be contrary to the public interest, and where;
- ii) by reason of the exceptional narrowness, shallowness, or unusual shape of a specific piece of property, or by reason of exceptional topographic conditions, or other extraordinary situation or condition of such piece of property, or by reason of the Use or Development of property immediately adjoining the piece of property in question,
- iii) the literal enforcement of the requirements of this Code would cause undue hardship to carry out the spirit and purpose of this Code, and
- iv) the Variance would not be contrary to the spirit and purpose of this Code. In this context personal, family or financial difficulties, loss of prospective profits, neighboring violations, or hardships created by any act of the owner, are not considered hardships justifying a Variance.

DEPARTMENT REVIEW

The Planning and Zoning Division routed this request to all appropriate reviewing departments. There are no open comments.

Office of the County Attorney Review:

Pursuant to Section 10.04.02 of the Land Development Code, the St. Johns County Planning and Zoning Agency (PZA) may grant Zoning Variances, which are found not to be contrary to the public interest and owing to special conditions, a literal enforcement of this Code will result in unnecessary and undue Hardship. The Planning and Zoning Agency may provide such conditions and safeguards as may be appropriate and in harmony with the purpose and intent of this Code as part of the Variance.

As defined in Article 12 of the LDC, a Variance is a relaxation of the terms of this Code where; i) such Variance will not be contrary to the public interest, and where; ii) by reason of the exceptional narrowness, shallowness, or unusual shape of a specific piece of property, or by reason of exceptional topographic conditions, or other extraordinary situation or condition of such piece of property, or by reason of the Use or Development of property immediately adjoining the piece of property in question, iii) the literal enforcement of the requirements of this Code would cause undue hardship to carry out the spirit and purpose of this Code, and iv) the Variance would not be contrary to the spirit and purpose of this Code. In this context personal, family or financial difficulties, loss of prospective profits, neighboring violations, or hardships created by any act of the owner, are not considered hardships justifying a Variance.

The Applicant bears the burden of demonstrating by competent substantial evidence that there exists a special condition or unique circumstance of the property such that the literal application of the Land Development Code constitutes a hardship. The Agency may consider the quality (character convincing power, probative value or weight) of the evidence and testimony in the Staff report as well as by Staff, evidence and testimony produced by the applicant, and of the evidence and testimony produced by public comment, as well as any other evidence presented or disclosed during the hearing.

The Agency may grant such relief to the extent only necessary to alleviate the hardship. If the evidence presented does not warrant the full relief requested, the Agency may grant only a portion of the relief. The Agency may attach additional reasonable conditions to further mitigate the effect of the requested relief along with corresponding findings.

The approval requested within this application is limited to the requested relief from the specific provisions of the Land Development Code. Approval of this request shall not operate as approval or waiver of any other provision of the Land Development Code or Comprehensive Plan. Representations and depictions within application materials shall assist Staff in the interpretation of the requested relief but shall not operate as approval of, or as a determination of compliance with, any other provision of the Land Development Code or Comprehensive Plan.

Please be advised that, pursuant to Section 10.04.02.A of the LDC, the Planning and Zoning Agency may grant a variance that is less than the full requested variance to the extent that a hardship no longer exists. Additionally, the Planning and Zoning Agency may impose reasonable additional conditions in order to mitigate for the harm caused by the granting of the variance.

Technical Division Review:

The subject property is located within FEMA Flood Zone AE with a base flood elevation of 7'. As such, the proposed two-story garage will be required to have a finished floor elevation of 8' or higher to comply with FEMA/NFIP standards for flood plain development. In some cases, a detached garage is allowed to be located below the minimum FFE requirement given the implementation of other flood protection measures if the bottom floor is used for parking and storage only.

In the case that the Zoning Variance is approved by the Planning and Zoning Agency, all site engineering, drainage and required infrastructure improvements will be reviewed pursuant to the established Development Review Process to ensure that the development has met all applicable Federal, State, and local regulations.

Planning and Zoning Division Review:

The property is improved with a 1,995 square foot single-family home that was constructed in 1997, per the St. Johns County Property Appraiser. The site has direct access from A1A South, which is owned and maintained by the Florida Department of Transportation (FDOT). The location of the proposed detached garage is shown to be forty (40) feet from the front property line along A1A South, which exceeds the required twenty-five (25) foot Front Yard setback in Residential Single Family (RS-3) zoning. The proposed structure will be approximately 80' from the edge of the roadway.

Furthermore, the location of the proposed detached garage is shown to be ten (10) feet from the side property line (north), which exceeds the required eight (8) foot Side Yard setback in Residential Single Family (RS-3) zoning. The site plan, as submitted, appears to meet all requirements of the LDC and Table 6.01 (provided on page 5), which includes lot coverage standards.

In the narrative submitted by the applicant along with the provided floor plans, it is stated that the first floor of the structure will be a garage, and the second floor will be a Guest House, which has the following definition within Article 12 of the Land Development Code:

“A unit in a Building separate from and Accessory in Use and size to the main residential Building on a Lot, intended and used only for intermittent or temporary occupancy by a non-paying guest or family member. A Guest House may contain limited kitchen facilities such as microwave oven, bar sink, less than 10 cubic foot refrigerator/freezer, provided the unit is not occupied by the same tenant in excess of thirty (30) days within the same calendar year, and the unit shall not be rented. A Guest House shall not be considered a separate

Dwelling Unit provided such conditions are met. A Guest House shall also meet the same required yards as the principal Building or Structure."

Compliance with the standards of a Guest House will be reviewed at the time of Clearance Sheet and Building Permit review.

The applicant also states that constructing an addition to the existing home would not be feasible, due to FEMA regulations. The garage being detached would prevent any improvements being required for the single-family home.

Enhanced Site Plan:

SUGGESTED MOTION / FINDINGS / CONDITIONS TO APPROVE REQUEST

Motion to approve **ZVAR 2025-25 Hansel Garage**, a request for a Zoning Variance to Section 2.02.04.B.4 of the Land Development Code to allow for the construction of a detached accessory garage for personal use & storage that will be larger in size and taller in eave height than the existing Main Use Structure, specifically located at 8875 A1A South, came before the Planning & Zoning Agency for public hearing on November 6, 2025, subject to the following conditions:

SUGGESTED FINDINGS

1. The request for this Zoning Variance has been fully considered after public hearing with legal notice duly published as required by law.
2. The Variance request is in compliance with Article XII of the Land Development Code, defining a Zoning Variance. Substantial evidence has been submitted to support a special condition of the property, such that the literal enforcement of the code would produce a hardship as defined by the Code, or why denying the application would be contrary to the spirit and purpose of the Land Development Code.
3. The request is not contrary to the public interest and is not in conflict with surrounding development.
4. The request meets the criteria established by Section 10.04.02 of the Land Development Code.
5. The request is not in conflict with the Future Land Use Map designation of Residential-A (Coastal).
6. The applicant, at the public hearing, has stated no objections to the proposed conditions.

SUGGESTED CONDITIONS

1. The Variance will be transferable and apply only to the proposed detached garage as submitted for this approval. Should the property be conveyed, the requested relief will run with the property.
2. Approval of the Variance does not release the project from compliance with all relevant requirements of the St. Johns County Land Development Code, Comprehensive Plan, or any other Agency having jurisdiction.
3. Development of the site shall be consistent with improvements depicted on the site plan labeled Exhibit B submitted by the applicant and made part of this Order.
4. The Variance shall commence within one (1) year of the signing of the Final Order. Failure to commence within the prescribed time shall render the Order invalid and all rights granted herein shall become null and void.
5. The approval requested within this application is limited to the requested relief from the specific provisions of the Land Development Code. Approval of this request shall not operate as approval or waiver of any other provision of the Land Development Code or Comprehensive Plan. Representations and depictions within application materials shall assist Staff in the recommendation and interpretation of the requested relief but shall not operate as approval of, or as a determination of compliance with, any other provision of the Land Development Code or Comprehensive Plan.
6. The application, supporting documents, conditions, and limitations offered within the application and at the public hearing by the applicant (or representative) will be incorporated herein and shall become part of the Final Order, except as may be modified by preceding conditions and limitations.

(Additional conditions may be added as a result of the public hearing)

SUGGESTED MOTION / FINDINGS TO DENY REQUEST

Motion to deny **ZVAR 2025-25 Hansel Garage**, a request for a Zoning Variance to Section 2.02.04.B.4 of the Land Development Code to allow for the construction of a detached accessory garage for personal use & storage that will be larger in size and taller in eave height than the existing Main Use Structure, specifically located at 8875 A1A South, came before the Planning & Zoning Agency for public hearing on November 6, 2025, subject to the following conditions:

SUGGESTED FINDINGS

1. The Variance request is not in compliance with Article XII of the Land Development Code, defining a Zoning Variance. Substantial evidence has not been submitted to support a hardship as defined by the Code.
2. The request is in contrary to the public interest and is in conflict with surrounding development.
3. The request does not meet the criteria established by Section 10.04.02 of the Land Development Code.
4. The request is in conflict with the Future Land Use Map designation of Residential-A (Coastal).

(The Agency may choose any or all of the above Findings or may provide additional Findings to support the motion.)

DATE OF HEARING: November 6, 2025

ORDER GRANTING ZONING VARIANCE REQUEST

The above referenced application for a Zoning Variance to Section 2.02.04.B.4 of the Land Development Code to allow for the construction of a detached accessory garage for personal use & storage that will be larger in size and taller in eave height than the existing Main Use Structure, specifically located at 8875 A1A South, came before the Planning & Zoning Agency for public hearing on November 6, 2025.

FINDINGS OF FACT

Having considered the application, along with supporting documents; the Staff report prepared by staff; statements by the applicant; and all evidence presented during public hearing, the Agency finds as follows:

1. The request for this Zoning Variance has been fully considered after public hearing with legal notice duly published as required by law.
2. The Variance request is in compliance with Article XII of the Land Development Code, defining a Zoning Variance. Substantial evidence has been submitted to support a special condition of the property, such that the literal enforcement of the code would produce a hardship as defined by the Code, or why denying the application would be contrary to the spirit and purpose of the Land Development Code.

3. The request is not contrary to the public interest and is not in conflict with surrounding development.
4. The request meets the criteria established by Section 10.04.02 of the Land Development Code.
5. The request is not in conflict with the Future Land Use Map designation of Residential-A (Coastal).
6. The applicant, at the public hearing, has stated no objections to the proposed conditions.

NOW THEREFORE, based on the said Findings of Fact, the Agency hereby grants the request for a Zoning Variance to Section 2.02.04.B.4 of the Land Development Code to allow for the construction of a detached accessory garage for personal use & storage that will be larger in size and taller in eave height than the existing Main Use Structure, specifically located at 8875 A1A South, came before the Planning & Zoning Agency for public hearing on November 6, 2025, subject to the following conditions:

1. The Variance will be transferable and apply only to the proposed garage as submitted for this approval. Should the property be conveyed, the requested relief will run with the property.
2. Approval of the Variance does not release the project from compliance with all relevant requirements of the St. Johns County Land Development Code, Comprehensive Plan, or any other Agency having jurisdiction.
3. Development of the site shall be consistent with improvements depicted on the site plan labeled Exhibit B submitted by the applicant and made part of this Order.
4. The Variance shall commence within one (1) year of the signing of the Final Order. Failure to commence within the prescribed time shall render the Order invalid and all rights granted herein shall become null and void.
5. The approval requested within this application is limited to the requested relief from the specific provisions of the Land Development Code. Approval of this request shall not operate as approval or waiver of any other provision of the Land Development Code or Comprehensive Plan. Representations and depictions within application materials shall assist Staff in the recommendation and interpretation of the requested relief but shall not operate as approval of, or as a determination of compliance with, any other provision of the Land Development Code or Comprehensive Plan.
6. The application, supporting documents, conditions, and limitations offered within the application and at the public hearing by the applicant (or representative) will be incorporated herein and shall become part of the Final Order, except as may be modified by preceding conditions and limitations.

This decision may be appealed to the St. Johns County Board of County Commissioners within thirty (30) days of the signing of this Order, pursuant to Section 9.07.03 of the Land Development Code.

Deed Restrictions, if any, are not affected by the actions of the Agency or this Order.

All applicable state or federal permits must be obtained before commencement of the development. Issuance of a development permit or development order by a county does not in any way create any rights on the part of the applicant to obtain a permit from a state or federal agency and does not create any liability on the part of the county for issuance of the permit if the applicant fails to obtain requisite approvals or fulfill the obligations imposed by a state or federal agency or undertakes actions that result in a violation of state or federal law.

DATED THIS _____ DAY OF _____, 2025.

PLANNING AND ZONING AGENCY OF ST. JOHNS COUNTY FLORIDA

Chair/Vice-Chair

The undersigned Clerk to the Planning and Zoning Agency of St. Johns County, Florida certifies that the above Order of the Planning and Zoning Agency is a true and correct rendition of the Order adopted by said Agency as the same appears in the record of the Planning and Zoning Agency minutes.

ORDER
ST. JOHNS COUNTY, FLORIDA
PLANNING AND ZONING AGENCY

RE: Brian Amerson
Amerson Construction Group
5431 A1A S Unit 1
St. Augustine, FL 32080

FILE NUMBER: ZVAR 2025-25

LEGAL: Exhibit A

PARCEL ID: 189240-0010

DATE OF HEARING: November 6, 2025

ORDER DENYING ZONING VARIANCE REQUEST

The above referenced application for a Zoning Variance to Section 2.02.04.B.4 of the Land Development Code to allow for the construction of a detached accessory garage for personal use & storage that will be larger in size and taller in eave height than the existing Main Use Structure, specifically located at 8875 A1A South, came before the Planning & Zoning Agency for public hearing on November 6, 2025.

FINDINGS OF FACT

Having considered the application, along with supporting documents; the Staff report prepared by staff; statements by the applicant; and all evidence presented during public hearing, the Agency finds as follows:

1. The Variance is not in compliance with Article XII of the Land Development Code, defining a Zoning Variance. Substantial evidence has not been submitted to support a hardship as defined by the Code.
2. The request is contrary to the public interest and is in conflict with surrounding development.
3. The request does not meet the criteria established by Section 10.04.02 of the Land Development Code.
4. The request is in conflict with the Future Land Use Map designation of Residential-A (Coastal).

NOW THEREFORE, based on the said Findings of Fact, the Agency hereby denies the request for a Zoning Variance to Section 2.02.04.B.4 of the Land Development Code to allow for the construction of a detached accessory garage for personal use & storage that will be larger in size and taller in eave height than the existing Main Use Structure, specifically located at 8875 A1A South.

This decision may be appealed to the St. Johns County Board of County Commissioners within thirty (30) days of the signing of this Order, pursuant to Section 9.07.03 of the Land Development Code.

Deed Restrictions, if any, are not affected by the actions of the Agency or this Order.

DATED THIS _____ DAY OF _____, 2025.

PLANNING AND ZONING AGENCY OF ST. JOHNS COUNTY FLORIDA

Chair/Vice-Chair

The undersigned Clerk to the Planning and Zoning Agency of St. Johns County, Florida certifies that the above Order of the Planning and Zoning Agency is a true and correct rendition of the Order adopted by said Agency as the same appears in the record of the Planning and Zoning Agency minutes.

Project Description (use separate sheet if necessary)

Request for a Zoning Variance to Section 2.02.04.B.4 of the Land Development Code to allow for the eave height of an Accessory Structure to be greater than the eave height of the Main Use residential building. Request to construct a two story Accessory Garage Building with Guest Quarters above. There currently is not a garage on the property so the home owner has no place to store his vehicles or any other items. Also due to the current existing house elevation being below the current fema flood plane they are wanting the garage to be 2 story so when family or guests come they have a place to stay because adding to the existing house would not work due to fema compliance. Also the home owner plans to eventually demolish the existing house to build a new structure that is out of the flood plane and wants to have this new garage space to use to stay on the property while the new house is being built.

GENERAL NOTES:

1. THIS SURVEY IS BASED UPON RECORD INFORMATION PROVIDED BY CLIENT. NO SPECIFIC SEARCH OF THE PUBLIC RECORD HAS BEEN MADE BY THIS OFFICE UNLESS OTHERWISE NOTED.
2. ANY FENCES SHOWN HEREON ARE ILLUSTRATIVE OF THEIR GENERAL POSITION ONLY. FENCE TIES SHOWN ARE TO GENERAL CENTERLINE OF FENCE. THIS OFFICE WILL NOT BE RESPONSIBLE FOR DAMAGES RESULTING FROM THE REMOVAL OF, OR CHANGES MADE TO, ANY FENCES UNLESS WE HAVE PROVIDED A SURVEY SPECIFICALLY LOCATING SAID FENCES FOR SUCH PURPOSES. DETERMINATION OF FENCE POSITIONS SHOULD BE BASED SOLELY ON THEIR PHYSICAL RELATIONSHIP TO THE MONUMENTED BOUNDARY LINES.
3. GRAPHIC REPRESENTATIONS MAY HAVE BEEN EXAGGERATED TO MORE CLEARLY ILLUSTRATE MEASURED RELATIONSHIPS - DIMENSIONS SHALL HAVE PRECEDENCE OVER SCALED POSITIONS.
4. UNDERGROUND IMPROVEMENTS HAVE NOT BEEN LOCATED EXCEPT AS SPECIFICALLY SHOWN.
5. ELEVATIONS ARE BASED UPON NATIONAL GEODETIC VERTICAL DATUM (N.G.V.D. 1929) OR NORTH AMERICAN VERTICAL DATUM (N.A.V.D. 1988) AS SHOWN HEREON.
6. ALL BOUNDARY AND CONTROL DIMENSIONS SHOWN ARE FIELD MEASURED AND CORRESPOND TO RECORD INFORMATION UNLESS SPECIFICALLY NOTED OTHERWISE.
7. ANY CORNERS SHOWN AS "SET" HAVE EITHER BEEN SET ON THE DATE OF FIELD WORK, OR WILL BE SET WITHIN 2 BUSINESS WEEKS OF SAID DATE AND ARE IDENTIFIED WITH A CAP MARKED LB (LICENSED BUSINESS) #8507.
