C. Fiscal years covered by the Plan: 2026-2027, 2027-2028, 2028-2029

D. Governance: The SHIP Program is established in accordance with Section 420.907-9079, Florida Statutes, and Chapter 67-37, Florida Administrative Code. Cities and Counties must be in compliance with these applicable statutes, rules, and any additional requirements as established through the Legislative process.

E. Local Housing Partnership: The SHIP Program encourages building active partnerships between government, lending institutions, builders and developers, not-for-profit and community-based housing providers and service organizations, providers of professional services related to affordable housing, advocates for low-income persons, real estate professionals, persons or entities that can provide housing or support services, and lead agencies of the local continuums of care.

F. Leveraging: The Plan is intended to increase the availability of affordable residential units by combining local resources and cost-saving measures into a local housing partnership and using public and private funds to reduce the cost of housing. SHIP funds may be leveraged with or used to supplement other Florida Housing Finance Corporation programs and to provide a local match to obtain federal housing grants or programs.

G. Public Input: Public input was solicited through face-to-face meetings with housing providers, social service providers, local lenders, and neighborhood associations. Public input was solicited through the local newspaper in the advertising of the Local Housing Assistance Plan and the Notice of Funding Availability.

H. Advertising and Outreach: SHIP funding availability shall be advertised in a newspaper of general circulation and periodicals serving ethnic and diverse neighborhoods, at least 30 days before the beginning of the application period. If no funding is available due to a waiting list, no notice of funding availability is required.

I. Waiting List/Priorities: A waiting list will be established for applicants who submit completed applications and appear likely to meet eligibility requirements based on the information provided. Applicants will be placed in order of receipt and separated by the strategy for which they applied. Applications are accepted year-round for most strategies. Those households on the waiting list will be notified of their status. Applicants will be maintained in an order that is consistent with the time completed applications were submitted, as well as any established funding priorities as described in this plan.

The following priorities for funding (very low income, Special Needs, etc.) described/listed here apply to all strategies unless otherwise stated in an individual strategy in Section II:

1. Persons with Special Needs as defined in Section 420.0004(13), FS:- set-aside requirement
 - a. Very low income – 50%
 - b. Low income – 80%
 - c. Moderate income – 120%
2. Very low and low-income level set-aside requirement
3. Construction set-aside requirement
4. Once all set-asides are met, the following priorities will apply:
 - a. Essential Service Personnel as defined in **Section I, T** of this plan
 - b. first-qualified, first-served basis

After all set-aside requirements have been accomplished and Essential Service Personnel have been served, applicants will be served on a first-qualified, first-served basis

- J. Discrimination:** In accordance with the provisions of ss.760.20-760.37, it is unlawful to discriminate on the basis of race, color, religion, sex, national origin, age, handicap, or marital status in the award application process for eligible housing.
- K. Support Services and Counseling:** Support services are available from various sources. Available support services may include but are not limited to: Homeownership Counseling (Pre and Post), Credit Counseling, Rental/ Tenant Counseling, Financial Literacy, and Transportation.
- L. Purchase Price Limits:** The sales price or value of new or existing eligible housing may not exceed 90% of the average area purchase price in the statistical area in which the eligible housing is located. Such average area purchase price may be that calculated for any 12-month period beginning not earlier than the fourth calendar year prior to the year in which the award occurs. U.S. Treasury Department	x
Local HFA Numbers	

- M. Income Limits, Rent Limits, and Affordability:** The Income and Rent Limits used in the SHIP Program are updated annually by the Department of Housing and Urban Development and posted at www.floridahousing.org.

“Affordable” means that monthly rents or mortgage payments including taxes and insurance do not exceed 30 percent of that amount which represents the percentage of the median annual gross income for the households as indicated in Sections 420.9071, F.S. However, it is not the intent to limit an individual household’s ability to devote more than 30% of its income for housing, and housing for which a household

devotes more than 30% of its income shall be deemed Affordable if the first institutional mortgage lender is satisfied that the household can afford mortgage payments in excess of the 30% benchmark and in the case of rental housing does not exceed those rental limits adjusted for bedroom size.

- N. Welfare Transition Program:** Should an eligible sponsor be used, a qualification system and selection criteria for applications for Awards to eligible sponsors shall be developed, which includes a description that demonstrates how eligible sponsors that employ personnel from the Welfare Transition Program will be given preference in the selection process.
- O. Monitoring and First Right of Refusal:** In the case of rental housing, the staff and any entity that has administrative authority for implementing the local housing assistance plan assisting rental developments shall annually monitor and determine tenant eligibility or, to the extent another governmental entity provides periodic monitoring and determination, a municipality, county or local housing financing authority may rely on such monitoring and determination of tenant eligibility. However, any loan or grant in the original amount of \$10,000 or less shall not be subject to these annual monitoring and determination of tenant eligibility requirements. Tenant eligibility will be monitored annually for no less than 15 years or the term of assistance whichever is longer unless as specified above. Eligible sponsors that offer rental housing for sale before 15 years or that have remaining mortgages funded under this program must give a first right of refusal to eligible nonprofit organizations for purchase at the current market value for continued occupancy by eligible persons.
- P. Administrative Budget:** A line-item budget is attached as Exhibit A. The city/county finds that the moneys deposited in the local housing assistance trust fund are necessary to administer and implement the local housing assistance plan.

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, states: “A county or an eligible municipality may not exceed the 5 percent limitation on administrative costs, unless its governing body finds, by resolution, that 5 percent of the local housing distribution plus 5 percent of program income is insufficient to adequately pay the necessary costs of administering the local housing assistance plan.”

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, further states: “The cost of administering the program may not exceed 10 percent of the local housing distribution plus 5 percent of program income deposited into the trust fund, except that small counties, as defined in s. 120.52(19), and eligible municipalities receiving a local housing distribution of up to \$350,000 may use up to 10 percent of program income for administrative costs.” The applicable local jurisdiction has adopted the above findings in the resolution attached as Exhibit E.

- Q. Program Administration:** Administration of the local housing assistance plan will be performed by:

Entity	Duties	Admin. Fee Percentage
Local Government		10%
Third Party Entity/Sub-recipient

III. LHAP Incentive Strategies

In addition to the **required Incentive Strategy A and Strategy B**, include all adopted incentives with the policies and procedures used for implementation as provided in Section 420.9076, F.S.:

- A. Name of the Strategy: **Expedited Permitting**
Permits as defined in s. 163.3177 (6) (f) (3) for affordable housing projects are expedited to a greater degree than other projects.

Provide a description of the procedures used to implement this strategy: In September 1993, the County instituted the Development Review Committee (DRC) to establish uniform requirements and procedures for submittal and reviewing applications for development plan approval, to implement the goals and policies of the Comprehensive Plan, and to ensure compliance with all applicable land development regulations. The eighteen-member committee representing planning, zoning, growth management, transportation, utilities, environmental health, fire service, 911 addressing, building, codes, survey, environmental planning, and

landscaping, reviews all proposed developments (such as subdivisions or multi-family) within 20 working days, then meets with the developer to discuss their independent findings at a joint DRC meeting. February 24, 1998, adopted by Resolution 98-48, developers planning affordable housing projects will be directed to the Housing Office by any staff member receiving questions. Housing staff can work with the developer to determine, quantitatively, if the project is truly affordable (i.e., the anticipated payments do not exceed 30% of the very low to moderate income categories, or if rents do not exceed standard limits adjusted for the bedroom size). Upon issuance of an "Affordable Housing Development" (AHD) designation, a sheet to be attached to all copies submitted for developmental review, the requests may be facilitated in agenda placement for committee and Board of County Commissioners' review. St. Johns County's permitting process has been centralized and expedited with the location of all applicable permitting departments in one facility. It has cut down on developer's time expended on obtaining permits. The Comprehensive Plan adopted by Ord. 90-53, Policy E.1.1.4 (a), adopted in December 1990, and amended by Policy C.1.1.4, adopted by Ordinance 2000-34, recommended this change. Permits may be applied for in advance of lot purchase closing so delays can be avoided by careful planning.

B. Name of the Strategy: **Ongoing Review Process**

An ongoing process for review of local policies, ordinances, regulations, and plan provisions that increase the cost of housing prior to their adoption.

Provide a description of the procedures used to implement this strategy The SHIP-required Affordable Housing Advisory Committee (AHAC) was transformed to the Housing Revitalization Agency (HRA) and thence to the Housing Advisory Committee (HAC) with policy-reviewing responsibilities. This incentive was adopted by the original ordinance establishing the SHIP Program on April 23, 1993 (93-21) and the "glitch" ordinance required by the State to amend Resolution 93-21 on July 27, 1993 (93-36). It was also covered by the Local Affordable Housing Incentive Plan (LAHIP), which was adopted on April 1, 1994. The HRA became the Housing Advisory Committee (HAC) by Resolutions 99-61 and 99-112, and the HAC responsibilities were added to the Housing Finance Authority on March 13, 2001, by Resolution 2001-41. The board was increased from 5 to 7 members and serves as a "clearing house" for affordable housing issues. In addition, the Planning and Zoning and Board of County Commissioners (BCC) review policies, ordinances, regulations, and plan provisions affecting affordable housing.

C. Other Incentive Strategies Adopted: **Affordable Housing Economic Incentive Program**

Provide a description of the procedures to implement this strategy: Ordinance No. 2005-101 provides for an Affordable Housing Economic Incentive in order to 1) Preserve and promote affordable housing within the County, and 2) to lessen the potential negative effect of Residential Impact Fee increases in certain situations. **Affordable Housing Impact Fee Waiver In the Fall of 2025 The St. Johns County Board of County Commissioners directed staff to implement a 50% waiver of non-school impact fees for the development or construction of housing that is affordable, as defined in section 420.9071, Florida Statutes when such housing is provided to income qualified persons or households whose total annual household income is over 50% but does not exceed 80% of the area median income (AMI) for St. Johns County, adjusted for family size, and a 30 year deed restriction is recorded over the property, restricting the housing to the affordability requirements stated herein. Subject to the same deed restriction, the County will provide a 100% waiver of such fees when such housing is provided to income qualified persons or households whose total annual household income is 50% of the AMI for St. Johns County, adjusted for family size or below.**
